Greetings from Yamaha

March 14, 2019

Welcome to the 2019 Music for All National Festival, presented by Yamaha!

I am pleased to welcome you to another year of celebrating the best in middle and high school musicianship. These extraordinary young musicians, gathered from every corner of the country, are joined in their mutual love of performance, music, and creativity.

We share and applaud their values. For more than 130 years, Yamaha has been on a mission to share the joy of musical performance. Love of music can be fostered from before birth, but the importance of strong familial and institutional support for a child’s musical education cannot be understated. We commend Music for All for its commitment to bringing the gift of life-changing musical experiences to students across the country. Young artists like these, and the music programs which foster them, are the backbone of the next generation of music. The passion of performance is embodied by these performers, this event, and this organization.

Thank you, to the directors, assistants, volunteers, and administrators who fight to keep instrumental music programs alive and thriving in our schools. Your dedication and advocacy, skill and hard work make it possible for these talented students to thrive as musicians. Without your support, they would not only miss this event, they would miss the art and joy found in performance.

We thank the parents and family members who support their children, giving them encouragement and space to grow as artists in this busy world. I ask that you please take time to enjoy the next three days – celebrate your children and their significant accomplishments.

Most of all, thank you to the outstanding young artists who will shape the future of music-making. Everyone at Yamaha Corporation of America congratulates you for your achievements thus far and welcomes you into our musical family!

Musically yours,
Tom Sumner

Dear Music for All National Festival Attendees,

It is my honor to welcome so many exceptional students to the Hoosier State’s beautiful capital city for the Music for All National Festival. Music is a way to connect people from all backgrounds to create and enjoy something beautiful. I applaud each of you for your dedication to music and the hard work that has brought you here today.

As you participate in this festival, I hope that you can appreciate the rich culture of music in our country that has been prominent from the earliest years of the republic. I am reminded of the works of John Phillip Sousa, with whom I am sure you are all familiar. Music has the power to lift the national spirit and unite us all as Americans. I trust that you will enjoy participating in that tradition.

Hoosiers are proud to welcome you to our state that was once the home of great national music icons such as Michael Jackson, Axl Rose, and John Mellencamp. I am certain that you will contribute greatly to our state’s musical culture during this festival and make us all proud. Good luck and enjoy the Music for All National Festival!

Sincerely,

Mike Braun

About the Music for All National Festival

Congratulations to the musicians of the 2019 Music for All National Festival, presented by Yamaha!

The Music for All National Festival, presented by Yamaha, is a national showcase of the finest instrumental scholastic music. The Festival is comprised of the National Concert Band Festival, the Orchestra America National Festival, the National Choir Festival, the Sandy Feldstein National Percussion Festival, and the Chamber Music National Festival. The Festival also features three national honor ensembles — the Honor Band of America, Honor Orchestra of America, and the Jazz Band of America — as well as the Music for All National Choir, a mass choir of all of the Festival choir participants, performing in concert accompanied by the Ball State University Orchestra and special guest vocal ensembles.

The performing ensembles and honor ensemble members performing this week were selected through a recorded audition process. The listening panels included many of the most respected music educators in the country. Those selected were deemed to have achieved the highest level of musical performance and artistry.

The Festival started in 1992 with the debut of the Bands of America National Concert Band Festival, born from a dream to create and provide a national showcase for outstanding high school concert bands. This dream of Bands of America leadership was buoyed by the support of several icons in music education.

Dr. William D. Revelli, whose high school bands from Hobart, IN, won the National Band Contest of the 1920s and 30s several times, told stories about the positive impact on music education and how a national stage could bring together America’s finest. John P. Paynter, the revered Director of Bands at Northwestern University, hosted the first two National Concert Band Festivals and was instrumental in the planning and design of the non-competitive festival. Many other leading conductors and educators were part of the creation and early years of the festival, and continue today to share their wealth of musical knowledge with the performing ensembles.

The Festival for concert bands now includes two stages of experiences for high school bands, plus a stage featuring middle school concert bands.

The Sandy Feldstein National Percussion Festival provides a national forum for performance and recognition of America’s outstanding concert percussion ensembles. Ensemble members perform and participate in the full festival experience. The festival is endorsed by the Percussive Arts Society and honors the legacy of the late Sandy Feldstein, former Music for All board member and a significant force in percussion education.

The Orchestra America National Festival launched in 2003, in cooperation with the Indianapolis Symphony Orchestra, and provided for a significant and unique relationship. With the Orchestra America National Festival, Music for All provides a national showcase and educational opportunity — and a positively life-changing experience — for string players and orchestras, including through the Honor Orchestra of America.

The Chamber Music National Festival is presented with the support of Vandoren and our National Presenting Sponsor, Yamaha Corporation of America, and features outstanding chamber ensembles from three to 16 members.

The Music for All National Choir Festival is a non-competitive experience for outstanding middle school, high school, and youth choirs of all voicings. The Music for All National Festival is now truly a celebration of musical excellence featuring all disciplines of ensembles that are part of most traditional school music programs. The National Choir Festival shines a national spotlight on outstanding choirs, providing educational programs, and spectacular musical experiences for singers in a positive, supportive environment.

The Music for All National Festival provides a positive atmosphere that celebrates music-making. All ensembles participate in scheduled audience time, ensuring a sizeable and knowledgeable audience for the concerts. Each ensemble receives written and recorded evaluation from a panel of renowned educators and conductors, and a post-concert clinic. Students also participate in instrumental master classes with world-class musicians and special events.

**h2 Quartet**

**Performing in concert at the Chamber Festival Concert**
**Sponsored by Vandoren and Yamaha**
**Thursday, March 14, 8 p.m., Indiana Historical Society**
**Featuring Vandoren Emerging Artist Winners**

The award-winning h2 quartet has been wowing audiences since 2002. h2 takes advantage of the great expressive capacity of their instrument by programming traditional, avant-garde, minimalist, and jazz-influenced works in surprising and compelling ways. h2 has performed throughout the United States, in Europe, the UK and in Asia.

The ensemble has released five critically-acclaimed recordings: Generations, Times & Spaces, Groove Machine, Hard Line, and Enrapture. Each of these albums introduces audiences to a different side of the saxophone, with the latter three comfortably bridging the gap between the popular and avant-garde sides of American music.

The h2 quartet has been featured on NPR and PBS programs, including the nationally-syndicated Backstage Pass. Along with demonstrating a mastery of traditional quartet repertoire, h2 is dedicated to the commissioning and performing of new works. The quartet has commissioned works by Drew Baker, Claudio Gabriele, Takuma Itoh, David MacDonald, Victor Marquez-Barrios, Roger Petersen, Forrest Pierce, David Rakowski, Jesse Ronneau, Bill Ryan, Matthew Schoendorff, Daniel Wohl, and has premiered works by John Mackey, Marc Mellits, Mari Takano, and Amy Williams.

The h2 quartet has won prizes at the Fischoff National Chamber Music Competition (First Prize, Gold Medals) and the North American Saxophone Alliance Saxophone Quartet Competition (first prize), among others. The group was also finalists in the Concert Artists Guild Competition, and earned Honorable Mentions at the Plowman Chamber Music Competition, the Chesapeake Bay Chamber Music Competition, and the Coleman Chamber Music Competition. h2 is also the recipient of several Aaron Copland Fund Grants.

Members are: Geoffrey Deibel, Soprano/Alto Saxophone; Jeffrey Loffert, Soprano/Alto Saxophone; Kimberly Goddard Loeffert, Baritone Saxophone; Jonathan Nichol, Tenor Saxophone.

The h2 quartet is a Vandoren and Yamaha Artist Ensemble.

Vandoren Emerging Artist Competition

The Vandoren Emerging Artist Competition started in 2010 as a way to identify the next generation of great clarinetists and saxophonists and acknowledge them for their talent, the work it took to succeed, and the artistry they display on their instrument. Senior Director of Education Band and Orchestral Division, Yamaha Corporation of America

This past January, I was fortunate enough to attend the NAMM (National Association for Music Merchants) Show held annually in Anaheim, CA. It is at this show where over 110,000 manufacturers, publishers, and sellers of all sorts of musical goods meet with music dealers to share their latest and greatest products as well as take orders for the coming months. Conference sessions range from ideas on how dealers can use decorating tips to enhance the look of their establishment to tips for succession planning. Each Saturday, however, the NAMM Foundation sponsors the Grand Rally for Music Education which is all about advocating for school-based music-making.

This year’s Grand Rally was extra special because composer Eric Whitacre was the featured presenter and as all music educators know, Whitacre is the Mozart of our time. His session was perfect – beautifully delivered and timed with the accuracy of a Swiss watch. The added sensory experiences of seeing and hearing Eric’s innovative and enchanting Virtual Choir videos were magical and simply breathtaking to view live with the esteemed composer at the helm.

The 650-member audience was made up largely of music educators and music industry professionals all poised to sing two of Eric’s original compositions. We started with his beautiful and impactful “Cloudburst” which was inspired, in part, by a poem penned by Octavio Paz.

The second piece was Whitacre’s “Fly to Paradise,” the fourth incarnation of the Virtual Choir collection which features over 5,900 voices from 101 countries. What Whitacre did not know at the time of selecting works for this program was that the NAMM Foundation had extended a very special invitation to the choral students, parents, administrators and music educators from Butte County, CA – the community which had lost everything to the disastrous fires this past year – to attend Eric’s session so that the students could have the engaging experience of singing under his leadership right along with the rest of us.

As the video started, we were all captivated by the exquisite vocal solos emanating from the video. But it was when the entire audience joined with the video and live choir performing on stage that the most powerful emotions began to sweep through the room as we all began to realize that we were singing this most uplifting, spirited work alongside the choral students from Paradise, CA.

There wasn’t a dry eye in that huge conference room – each of us singing “And all I want to do is fly. Just fly... To paradise!” over and over at the top of our lungs and crying at the same time. The students from Paradise were holding each other in arm while reveling in this cathartic, poignant moment of true joy and self-expression with tears rolling down their faces.

We music educators are passionate about our work because we love music and want to share this fervor with others – particularly young people like those who are here at the National Festival who are amassing impactful memories through their own life-changing experiences.

As for that scintillating morning at the NAMM Show, maybe you just had to be there and for those of us who were, it’s a moment we will never forget. It’s important to realize, however, that fulfilling experiences like these can only come along if we keep making music ourselves. When we give ourselves to music-making, music-making gives exhilaration back to us. Our endorphins flow, our spirits are lifted and for a moment in time, there is peace and a sense of delight that can only be experienced when the outcome of the group is greater than the collective sum of its parts.

So whether you are a mom, dad, brother, sister, grandmother, grandfather, aunt, uncle or any other family member, I implore you to encourage your music-making family member to stay with it throughout life. If you are a former music-maker, bring it back into your life. If you have never been an active music-maker, there is no time like the present to get started reaping the life-changing benefits!

2019 Advocacy in Action Award Winners Announced

Music for All’s Advocacy in Action Awards recognize music programs, schools, and communities across the United States that demonstrate outstanding achievement in efforts to provide access to music education for all students. To qualify for the Advocacy in Action Award designation, schools and districts submitted detailed descriptions of their music programs and project entries. Submissions were reviewed by a national panel of educators, administrators, community leaders, and business leaders. You can read and be inspired by the detail of all of our award-winners online at advocacy.musicforall.org. Here are some featured winners.

Fundraising & Sponsorship
“Blitz Boost” Rouse H.S., TX

The Blitz is a six-week online direct donation program that supplements the Rouse High School Band’s budget each year. The booster organization hosts a Telethon Pizza Party for the students to call and text family, friends, and community members, and at the end of this year’s Telethon, they had approximately $12,000 pledged of their $20,000 goal. Students texted, emailed, and shared links to the Blitz website on social media, and they increased momentum through student-driven incentives, such as free smart music passes for the student in each section with the highest donations. Overall, the Blitz raised $26,000 for the Rouse High School Band program this year.

Marketing & Promotion
“Extended Community Building” Highland H.S., AZ

The goal of Highland High School’s Extended Community Building is to market their orchestras to the large population of retired adults moving to retirement communities, encouraging them to come to performances by bringing the concert to them. The model begins with a one semester Strolling Strings class where students learn the “strolling” aspect of memorization and how to communicate and visit with the crowd — a large part of why people come to the show. During the second semester, they begin to travel, performing up to 10 gigs per year. After many years of relationship building, the program has grown substantially, with their holiday concerts selling out all three performances in a 900-seat auditorium.

Parent & Booster Involvement
“Private Lesson Scholarships” Princeton City School District, OH

While it is not required to attend private music lessons at Princeton, many students desire to do so. In 1961, Princeton Music Boosters started awarding 2 scholarships allowing students to attend private music lessons. Today, they award 25 scholarships ranging in value from $500-$750. About two-thirds of the scholarships are named in memory or in honor of loved ones and are funded by private donations from alumni, staff, and supporters. The remaining are funded by the Princeton Music Boosters from their general budget and a variety of fundraising activities.

Recruitment & Retention
“Knights of the Rock Table” Windsor H.S., NY

The Windsor High School Music Program works to ensure that every student can participate in a course or ensemble pertaining to their musical interests, offering exciting opportunities for non-traditional musicians in addition to Band and Chorus. This was the motivation behind the Knights of the Rock Table (KORT), a music program created based on the students’ musical interests that has led to the creation of a variety of new courses such as Piano, Guitar, Bass Guitar, and Drum Set. By offering a “music education for everyone,” participation in their ensembles skyrocketed and over 80% of incoming freshmen choose to fulfill their mandatory Fine Arts credit with a music course.

Decision-Maker Interaction
“Success Through Collaboration” Northbrook Jr. High School, IL

The collaborative relationship between administration and music educators is a hallmark of Northbrook School District 28. At least two administrators attend every concert for performing groups, participate regularly and actively in booster meetings, and are involved in music productions at the elementary level. The music faculty set administrators up for success by providing them with data that allows the administration to approach the Board of Education fully prepared to speak to the needs of the music department from a factual and historical perspective.

Community Engagement
“Right Now (We Need One Another)” Charlottesville H.S., VA

In the wake of the deadly events of August 11-12, 2017, a group of five Metro Nashville Schools students showed their love and support for the Charlottesville community by recording a version of BeBe Winans’s song “Right Now (We Need One Another)” and putting together a heartwarming video message that was emailed to teachers at Charlottesville High School. On Friday, September 15, the two groups of students came together to perform the song at a school-wide assembly at Charlottesville High School. Nine days later, the video of the combined performance was broadcast as part of the Concert For Charlottesville featuring musicians such as Dave Matthews, Pharrell Williams, and Stevie Wonder.

Music for All Advocacy News

“Much of who I am is a result of having access and opportunity to experience quality music education”

– Eric L. Martin
President and CEO, Music for All

We believe that every child across America should have access to active music-making.

Those are just some of the life skills gained by students who participate in a music program in their school or community. Additionally, scholastic music education has been found to result in increased graduation rates and improved mathematical skills. If this is true, how can anyone question why we believe?

Music for All is known and recognized as a national leader in offering world-class scholastic music education performance opportunities for the finest student musicians and instrument ensembles around the country. However, we also work “off-stage” to ensure that music education programming and resources are made available to the under-served schools and their students around the country who can easily be ignored.

Music for All is committed to ensuring music education stays front and center in each student’s educational experience.

We fulfill this commitment through our Advocacy in Action initiatives:

• Providing professional development resources and clinics for teachers working in under-served schools.
• Offering performance opportunities for students in urban and rural communities.
• Awarding need-based scholarships for students to attend Music for All’s Summer Symposium.
• Recognizing, awarding, and sharing stories of school music programs around the country that are advancing music education in their own communities.

Music education is a WIN for students, teachers, communities, the economy, and society.

Be heard.

Show that you believe all students should have access and opportunity to participate in active music-making.

Music Education Along the I-65 Corridor

Music for All’s I-65 Corridor Project is a commitment to expand access and opportunity to high-quality music education for students in under-served urban school districts located along the I-65 Corridor. The goal of the project is to help develop well-rounded, self-sustaining music programs in these communities, which include Gary and Indianapolis, Indiana; Louisville, Kentucky; Nashville, Tennessee; and Huntsville, Birmingham, Montgomery, and Mobile, Alabama.

With the generous support of the Country Music Association Foundation, the I-65 Corridor Project fosters sustainable student–teacher driven collaboration to envision, develop, and implement strategies that address systemic inequalities. Led by Music for All’s Urban Education Advisory Committee, a specialized team of educators and administrators with experience teaching in urban scholastic environments, the I-65 Corridor Project is providing students and teachers with the tools and insights necessary to design their program’s individual path to success. These resources include performance opportunities for students, professional development opportunities for educators, community-building experiences, and scholarships to attend the Music for All Summer Symposium.

At the 2018 Symposium, students and teachers from I-65 communities participated in a specialized curriculum, which included two days of intensive student and teacher leadership training. Music for All and the Advisory Committee have since continued to mentor program participants, assisting with the implementation of strategic plans and development of new objectives, and continuing to visit and engage these programs throughout the school year.

The I-65 Corridor Project is Music for All’s first major step towards fostering educational opportunities for scholastic music programs in urban communities across the United States.

Music for All is proud to be a sponsor and partner of United Sound, a peer mentoring program that pairs students with special needs and their typical peers in the band and orchestra setting. These special New Musicians are taught by their Peer Mentors to play the instrument of their choice at a personally modified level. Students then join the full band or orchestra to perform in concert with their peers.

Since United Sound’s launch in 2014, there are 175 United Sound chapters, providing more than 100,000 service hours, with more than 5,000 participants. Learn more at www.unitedsound.org.

Be Part of the Music is excited to announce its new (and 100% free) personalized recruitment webpage program.

With a few keystrokes, directors can create a CUSTOMIZED recruitment webpage loaded with videos and resources designed to make recruiting for your music program easier than ever. In partnership with the Music for All National Festival presented by Yamaha

Wednesday, March 13, 2019
Shortridge High School, Indianapolis

Music for All and the Indiana Music Education Association are proud to support Indianapolis Public Schools music through Music for All programs including this 4th annual Indianapolis School Music Festival, the IPS marching band experience in Lucas Oil Stadium as part of the Bands of America Grand National Championships, Music for All Summer Symposium scholarships for IPS students, and professional development sessions hosted in Music for All’s national headquarters in historic Union Station.

In the words of Music for All President and CEO Eric L. Martin:

Whether you are a participating student, educator, administrator, parent/family member, or just someone who cares, you are part of “the village” of those of us who believe that music and arts education is a critical component and powerful pathway in America’s promise to deliver a well-rounded education to our children. Music for All is a proud member, actively supporting and advocating for our children.

In partnering with IPS and others, Music for All hopes to create opportunities for more “positively life-changing experiences” in active music and arts programs in Indianapolis. We support and praise IPS’s commitment to arts education experiences that foster individual and ensemble growth. We created this Festival to be a stage for student growth and performance, a worthy platform to demonstrate our support for the hard work and achievement of student performers and their teachers, and to create an opportunity where our entire community can witness and embrace the positive benefits that come from student access and opportunities to engage in active music-making.

Life-changing musical experiences need your support

Self-confidence. Self-discipline.

Musical experiences have a significant impact on our young people, and these are just some of the skills and benefits gained by students who participate in a music program. Music for All provides these life-changing musical experiences for youth and offers opportunities for their growth through collaborative engagement and personal development.

This weekend, as you observe the talented student musicians at the Music for All National Festival, we hope you will help us continue our important work in the field of music education. There’s much to be done, and we ask you to consider making a tax-deductible contribution to Music for All by visiting our website at www.musicforall.org/waystogive or by calling 800.848.2263.

And when you give, you can decide which programs at Music for All you wish to support, like the annual fund, choir programming, or the Festival Honor Ensembles. To see the various ways you can support Music for All, go to www.musicforall.org/waystogive

Thank you in advance for supporting music, art, and excellence. You help us provide music for all.

“\textit{I would teach children music, physics, and philosophy; but most importantly music, for the patterns in music and all the arts are the keys to learning.}”
— Plato
Our vision is for every student to reach his or her potential through the positive, life-changing power of making music. We believe in that vision so strongly that we devote all of our energy, passion and resources to serving and strengthening music education across Indiana.

Good luck to all of the participating groups from all of us at Paige’s Music.
As we mark the 28th year of the Music for All National Festival we are thrilled to welcome singers to the 2019 National Choir Festival. Henry Leck, Choral Artistic Director, the Choral Music Artistic Committee, Educators of National Voices of Youth, and Choral Coordinators, Kim Mann and Lori Lobsiger, have aligned festival components to create positively life-changing experiences for choral singers from across the country. We honor and welcome our outstanding 2019 Choral Conductors and their choirs!

The composition, which includes motifs from We Believe in Music, leads into the Star Spangled Banner, arranged for Chorus and Orchestra by Saucedo.

We Believe in Music was written by Choral Artistic Director, Henry Leck. The composition premiered in 2018 to celebrate choral music joining the Music for All National Festival.

As You Can Tell

By Todd Bashore

Program Note:

As I listened to the recordings that Rico Jones submitted for the Vandoren Emerging Artist Competition, I was very impressed with his musicianship, technical facility on the saxophone, and his versatility. He sounded like a saxophonist that could handle almost anything written for him, so when I began writing “As You Can Tell,” I kept that versatility in mind and looked for ways to showcase his talents. As with many modern jazz compositions, As You Can Tell is not defined by one particular style. At various times in the piece the listener will hear modal sections over rhythmic vamps, breaks, polychordal harmony, and more traditional harmonic motion over a Latin groove. These different sections flow organically from one to another as dictated by the melody and give Mr. Jones an opportunity to delight us all with his musicianship. This is the first year Vandoren has commissioned a composition to feature the Jazz winner of the VEA competition, and I’m honored to be able to feature such a talented young saxophonist as Mr. Jones. I can’t wait to hear what he does with it!

Whispers
by Michael Martin
World Premiere

Program Note:
Adversity and tribulation are a fact of life for nearly all of us. One of our many shared connections in this life is the virtual certainty that at some point, for the vast majority of us, we will face an uncomfortable circumstance, be it unfair or biased judgment, harassment, prejudice, bullying, discrimination, or any of a host of other abuses. Those moments are also typically accompanied by a voice in your head and your heart that guides you to either a place of strength or a place of fear. “Whispers” is a piece about that voice, which starts softly in the back of your mind and grows louder and more present reinforcing what you believe about yourself. It can be difficult to talk yourself out of that belief when the voice is at its loudest, at your highest highs and lowest lows. This piece is meant to empower us to believe that we are greater than that which strives to tear us down, to feed that belief constantly so that it grows louder and more present when we need it most, so that we feel invincible in the face of adversity. This piece is written with the hope that we can believe in our own strength and that that strength can go on to change the world around us for the better. “Whispers” is a gift for United Sound, whose teachers and students are among the strongest and bravest people you will meet. May that voice be ever present, and always speak its loudest when we need it most.

**Full Circle**

**By Ryan George**

Program Note:

In 1997 I found myself in Indianapolis, sitting in rehearsals with the Bands of America (Music for All) National Honor Band. Ray Cramer was the conductor. I was an 18 year old senior horn player on the tail end of a high school career that was loaded with B.O.A. experiences: marching band championships, concert band festivals, 3 years at the summer symposium, and now I was closing out that chapter with the National Honor Band. Those 4 years and the experiences that I had at those B.O.A. events were profound and were major motivators in my decision to pursue music as a profession.

When Ray contacted me about writing this piece I was struck immediately with the realization that my life had come full circle. I was now doing what I had set out to do 22 years ago and would be returning as a composer to the same honor band, with the same conductor, and the place that had been the catalyst for so much.

Full Circle is intended to be a musical homecoming. Something that exudes joy, excitement, and optimism. This piece is not so much about compositional cleverness (a thematic idea that bookends the work is the only real reference to circularity in the piece), but a reflection of the past and it’s influence on the present and the future. It is an embrace of those moments and experiences that positively change our lives.

Full Circle is dedicated to Ray Cramer and the 2019 Music For All National High School Honor Band.

**Woodland High School**

**Trio in a Rudimental Style** by Joseph Tompkins

Bryce Fowler, Tariq Ingram and Andy Jeffrey

“Trio” is written for three snare drums and three bass drums. It was premiered by the New York Philharmonic Percussion section on April 3rd, 2002. It is heavily influenced by funk drum set styles (Steve Gadd in particular) and should be played as such. None of the instruments should sound “classical”.

**Yorktown High School**

**Misionera** by Fernando Bustamante, arr. Orlando Cotto

Ryan Hale, Marimba; Jessie Oblon, Cajon

Misionera is a selection from Orlando Cotto’s “A Latin American Album for Marimba,” which features a collection of traditional music from Latin American countries. For generations listeners have enjoyed the timeless classics featured in the album performed on instruments like guitar and piano. Now, a variety of melodies and rhythms, including the Cuban danzon, the Puerto Rican danza, and the Venezuelan joropo, can be performed beautifully on the marimba.

This work has been arranged to incorporate some unusual techniques available to the marimbist. One of the most notable is the mandolin roll, a technique which hearkens to the sound of the mandolin. This piece also aims to showcase the sounds of the South American cajon, an instrument quite simple in its construction but engaging in its sonic possibilities. A common instrument in the traditional music of South American countries, the cajon provides a sense of a horse galloping in the open countryside, an element of rhythmic interest which compliments the solo material.

**Spartanburg High School**

**Immigrant Song** by Ivan Trevino

Tristan Willcox, Marimba

“Immigrant Song (2017) is a 5.0 octave marimba solo dedicated to my mother, Rosie Trevino. She was born and raised in Mexico and immigrated to the USA when she was a teenager. She would have been considered a “low-skilled, non-English speak” in today’s current immigration agenda. In the 30+ years since arriving to the US, she’s become a small business owner, put me through college, and speaks better English than some of the highest ranking officials in our government. She is the quintessential American-dream story and I’m so proud of her. I hope you like your song, mamá.” - Ivan Trevino, composer

**Permian High School**

**Catching Shadows** by Ivan Trevino

Brianna Galindo and John Eychaner, Marimba

The original marimba duo version of Ivan Trevino’s Catching Shadows adds a tasty piece of art-rock to the repertoire. This very audience friendly piece blends the worlds of artistry and popularity very tastefully. Some very quick split lateral licks will test the technique and timing of both players, not to mention the high level of energy they must maintain for most of the piece.

**Grain Valley High School**

**Vertical River** by Blake Tyson

Sophia Simon and Brooke Florida, Marimba and Vibraphone

Vertical River is written for Vibraphone and Marimba duet. It was inspired by Tyson’s rafting adventure with John Parks on the Boise River. This piece depicts the beauty, excitement, and occasional feeling of losing control that they experienced in the raft that day.

**Edmond North High School**

**Prelude No. 1 in E Minor** by Ney Rosauro

Michael Gaona, Marimba

Prelude No.1 for solo marimba was originally written for guitar, explaining the harmonies from flamenco music, as well as the Spanish mood of the work. The marimba version was completed in 1983 and is dedicated to Rose Braunstein. Throughout its three themes, the spirit of the Spanish music can be felt, and the fingerings of guitar arpeggios are suggested in the third theme.

**Keller Central High School**

**Flight of the Bumblebee** by Nicholas Rimsky-Korsakov, arr. Max Leth

Alex Vu and Corbin Richardson, Marimba

Flight of the Bumblebee is an orchestral interlude written by Nikolai Rimsky-Korsakov for his opera The Tale of Tsar Saltan, composed in 1899–1900. Its composition is intended to musically evoke the seemingly chaotic and rapidly changing flying pattern of a bumblebee. Despite the piece’s being a rather incidental part of the opera, it is today one of the more familiar classical works because of its frequent use in popular culture.

Greetings from the Superintendent
I am honored to extend congratulations to two ensembles at Franklin High School for their invitation to perform at the 2019 Music for All National Festival. To the Franklin High School Trombone Ensemble and Flute Ensemble, your presence here today is a reflection of your hard work and commitment to music both in and out of class. When you chose to play an instrument, you became a part of a larger community rich with traditions and innovators reaching back hundreds of years. You became a part of history and the formation of our culture.

To the Franklin High School Band directors, David Aydelott, and Jacob Campos, your tireless commitment to your students, your profession and your passion. You are truly the representatives of what it means to strive for excellence and deserve the honor of being recognized here today. Thank you for your passion and dedication.

Your performance at this event marks your dedication and commitment to the highest quality of music education and performance for all. Students, you will leave a mark of this distinguished recognition on your band, your school and yourselves long after you have graduated from Franklin High School. I commend you on your work ethic and the enthusiasm you have for music.

Congratulations!
Sincerely,
Mike Looney, Ed.D.

**About the Music Program**

Although definite records are not available prior to Franklin High School burning in the early 1950’s, there are existing pictures of the Franklin High School Band as early as 1937. In 1948, the band was reorganized with 12 members (11 players and 1 majorette).

David Aydelott is the 12th director of record for the band including several distinguished directors who went on to direct in the collegiate ranks (Bill Swor – Louisiana State University and Wayne Pegram – University of Tennessee and Tennessee Tech). The Franklin Band has made appearances in the Orange Bowl Parade, Tournament of Roses Parade, twice in the Macy’s Thanksgiving Day Parade, St. Louis St. Patrick’s Day Parade, Hollywood Christmas Parade, and Tangerine Bowl. The band also appeared in a Madonna music video and in the Academy Award winning movie “Nashville.”

**About the School and Community**

The City of Franklin was founded October 26, 1799, and was named after Benjamin Franklin, a close friend of Dr. Hugh Williamson, a member of the Continental Congress for whom Williamson County was named. For most of its first 180 years, Franklin was a tranquil, small county seat. Then, the Battle of Franklin was fought on November 30, 1864, and was one of the Civil War's bloodiest battles, costing more than 8,000 casualties and turning every home and building in town into a hospital. It took 120 years for the county’s economy to reach pre-war levels.

Today, Franklin is a unique blend of history and progress. You’ll find the best of both worlds here: small-town charm and big-city sophistication. There are fascinating Civil War sites and museums, magnificent Antebellum and Victorian homes – plus our thriving downtown shopping area and the Cool Springs Galleria, unique dining and entertainment, and wonderful festivals. Franklin has grown from a very small, agricultural community into a strong blend of residential, commercial and corporate citizens.

Greetings and Congratulations for Bentonville Wind Symphony

Greetings from the Superintendent

Bentonville Schools and the community are extremely proud of the Bentonville High School Wind Symphony for being selected to represent the District as well as the state of Arkansas at the Music for All National Festival. The Bentonville School Board, administration and staff value programs that interest our students and help them grow to be successful adults. Because of dedicated fine arts instructors and musical directors like Tim Hendrix, our students excel in fine arts competitions. Year after year, the music programs and students at Bentonville High School compete successfully at national levels. I am proud of each musical artist and instructor who have prepared you for this competition. Your dedication, perseverance and character represent the foundation of this district which is “where excellence lives.” While at the Festival, enjoy the experience of learning from adjudicators, professional musicians, and other students.

Congratulations again as you represent Bentonville High School and our district while the spotlight deservedly shines on you.

Sincerely,
Debbie Jones, Ph.D.

Greetings from the Principal

As Principal of Bentonville High School, I am proud to present our Wind Symphony to a nationwide audience at the 2019 Music For All Concert Band Festival. The program that you will see and hear is a direct reflection of multiple factors: an outstanding faculty that works tirelessly in both theory and practice, parents and a community who wholeheartedly support fine arts in our curriculum, and, of course, the passion and dedication of the students themselves. Their talents are truly remarkable, and we celebrate them in myriad ways and many capacities. I am particularly proud, however, at the development of each student musician throughout their time at Bentonville High School. One of the true marks of quality education is to show growth in a field, and our band program is rooted in that concept. We value development of the craft and musicianship as much as we do the end performance. Beginning in our middle schools, students have the chance to participate in band programming that is excellent in all facets, culminating in the ensemble you will enjoy today. This is the formula to our very high levels of achievement in all that we do and all that we hold dear. Students, I am very proud of you and all that you have accomplished. Thank you for being the finest ambassadors of Bentonville High School that we could have. Each of you are wonderful in your own right, but together your art is brilliant. On behalf of our school and the entire district, thank you to the Music For All Festival for featuring our Wind Symphony and lauding our students. Enjoy the show.

Building Principal

About the School, Community, and Program

Located in the beautiful Ozark Mountains of Northwest Arkansas, Bentonville is known for its beautiful aesthetics and small town charm. Bentonville’s culture is distinct and differs from the Delta portion of the state. Many of the city’s first settlers came from North Georgia, North Alabama, Kentucky, North Carolina and Tennessee, because they found the Ozarks familiar to the Appalachian Mountains back home.

Today, Bentonville is the cultural and artistic hub of Northwest Arkansas with its vibrant downtown square, and the beautiful Crystal Bridges Art Museum. A $450,000,000 museum of American Art designed by architect Moshe Safdie, Crystal Bridges is an incredible contribution to the city of Bentonville. Bentonville is also the global headquarters for the world’s largest retailer, Wal-Mart. Sam Walton founded his first store in Bentonville, Arkansas and it still stands in the Bentonville Downtown Square as well as the Wal-Mart museum where you can learn about the amazing growth and vision of Sam Walton and his truly American success story.

Bentonville Schools is the largest school district in the State of Arkansas. Bentonville High School, seated in the east side of Bentonville has a total student population of 3400 students and is known for its excellence in academics, athletics and fine arts. Bentonville High School changes its teachers to create inspiring and innovative experiences for all its students.

The Bentonville Band Program is a leader in the State of Arkansas in both quality music education and musical opportunities. It is still the only school in Arkansas to be a finalist at a Bands of America Super Regional and only school to be recognized as a Grand Nationals Semi-Finalist. All 4 bands and 2 jazz bands in the high school are consistently awarded superior ratings at region and state level assessments. Bentonville also has a phenomenal color guard and winterguard program.

This group of talented, determined, and hard-working students has received recognition for their various performances. It is with great pride that we showcase the talent of these exceptional performers today.

Sincerely,
Paul Kinder

The Blue Springs South High School Wind Symphony is honored to have been selected to perform during the Music For All National Concert Band Festival. These students, Director Ken Hansen, and Assistant Directors Jamie Haffner and William White are outstanding representatives of our high school and our community. I believe that they also represent all that is great about high school activities programs, and more specifically, all that is great about fine arts education. These performers before you today have invested many hours developing their instrumental skills, and yet are also excellent students who have many academic honors and are involved in a variety of other activities, from football, theatre, soccer, dance, Junior AFJROTC, and more. Music education has the power to bring together these talented students with diverse interests and backgrounds to perform for you today.

On behalf of the staff and students of Blue Springs South High School, thank you for inviting our Wind Symphony to perform today, and thank you for your ongoing commitment to music education and to the schools that you serve. Please enjoy the performance of the Blue Springs South Wind Symphony.

Sincerely,
Charlie Belt, Ed.D.

The Blue Springs School District, located on the eastern edge of the Kansas City metro area in Jackson County, covers a total of 58 square miles and includes students from the communities of Blue Springs, Grain Valley, Independence, Lake Tapawingo and Lee's Summit. Enrollment in the district for the 2018-19 school year currently stands at more than 14,720 students. Within our school district boundaries, we have more than 80,000 residents. Our close proximity to Kansas City allows residents easy access to a variety of social, cultural and educational opportunities. There is also convenient access to over 54 colleges, universities and technical schools in the metro area. The district has received Accreditation with Distinction from the Missouri Department of Elementary and Secondary Education for 17 consecutive years. Grant funding has also transformed our efforts to positively impact all students and their successes within our schools as they prepare for their futures. Low student-to-teacher ratios allow teachers to focus learning on student needs and readiness, and instructional coaches assist teachers in coordinating learning from K-12. Student achievement is the focus of all activities in the Blue Springs School District, and we strive to assure all our students are prepared to take their places as productive, informed, and caring members of society. Blue Springs South High School has an award winning band program. The band program features three concert bands, two jazz band, two winter guards, winter percussion, marching band, and chamber ensembles. All of the bands have earned accolades for superior musicianship and musicality. The Jaguar Pride Marching Band has emerged as one of the midwest best marching bands and the Wind Symphony has earned the Grand Champion of the Dallas Windband Festival and has been a feature ensemble at the Kauffman Center for the Performing Arts in Kansas City.

Greetings and Congratulations for
William Mason High School Wind Symphony

Greetings from the Superintendent

We are extremely proud that the William Mason High School Wind Symphony has been invited to perform at the Music for All National Concert Band Festival. We are honored that their hard work and commitment to excellence has been recognized with an invitation to perform at this special event. We know that today’s performance will be a special musical moment for the student performers, directors, and audience members.

Mason City Schools and the Mason community share a common appreciation for music education and the performing arts. Education in the arts enhances students’ understanding of the world around them and broadens their academic perspective. The arts give us the creativity to express ourselves while deepening our intellect and understanding of the world around us.

We are thrilled for our Wind Symphony’s opportunity to perform for you today. We know they will represent the Mason community with artistry and excellence. Today’s performance has been made possible through tremendous hard work and commitment from our high school band program, and it would not be possible without the extreme dedication of the students and their directors — Mr. Edward Protzman and Mr. Avious Jackson.

Thank you for recognizing our Wind Symphony with this tremendous performance opportunity. We value the opportunities, education, and excellence that Music for All brings to students through its outreach educational programs.

Sincerely,
Jonathan Cooper

Greetings from the Principal

Mason High School and the Mason community is extremely proud of our selection to play at the National Concert Band Festival. Our band program over the years has been one of the most successful programs in the Midwest and this selection helps us continue our rich history of excellence in our performing arts programs.

The tradition of Mason High School’s excellence is built on a foundation of pride, high expectations, and a drive to be the best. We appreciate our staff, starting with band director Ed Protzman, for their commitment to our students, school, and community. We are fortunate at Mason High School to have not only talented students but also gifted instructors who care about students and preparing them for life beyond the walls of our building.

It is an honor for Mason High School to be selected to play at the National Concert Band Festival. On behalf of the staff at Mason High School, we wish our students and staff the best of luck and know you will make us proud!

Sincerely,
Bobby Dodd

Joe Woodie
Percussion Director

For Joe Woodie, percussion is his career and his passion. A graduate of Bowling Green State University with a bachelor’s of music degree, Joe joined William Mason High School this year as the percussion specialist for all six concert bands and for the marching band. Joe marched with both the Bluecoats and with Rhythm X Indoor Percussion Ensemble and now serves as a battery instructor for both ensembles. In August, Joe was a part of the staff that guided the Bluecoats to win the 2016 DCI World Class Championships. He has also worked as a battery instructor for many area high schools, including Northmont, Findlay, Miamisburg, Sycamore, and Centerville.

Joe believes music is a subject uniquely bound to emotion and has discovered that creating an emotional connection between his students’ individual experiences and the music they are performing is a powerful tool as a music educator. Teaching also provides an opportunity for Joe to guide the individual character development in each student through music. Joe has been inspired by the work of Claude Debussy, Igor Stravinsky, Paul Hindemith, and Frederic Chopin, and is especially grateful to his parents for providing support and inspiration as he pursued his love of music. When Joe isn’t teaching or playing music, he appreciates time to exercise, socialize, and compose percussive/electronic music.

Greetings and Congratulations for Westfield High School Wind Ensemble

Greetings from the Superintendent

As one of only several high school bands in New Jersey to receive an invitation in the 28-year history of the National Concert Band Festival, I commend the Westfield High School Wind Ensemble on this prestigious accomplishment. I am proud of the hard work you demonstrate each day as ambassadors of the Westfield Public School District through discipline, determination, respectfulness, professionalism, creativity, patience, and practice, practice, practice.

I extend my congratulations and thanks as well to band directors Christopher Vitale and Trevor Sindorf for their continued dedication to our outstanding music program in the Westfield Public Schools.

On behalf of the Board of Education and the entire school district, I wish you well as you take the stage in Indianapolis for the 2019 Music for All National Festival. It is a momentous occasion for all.

Sincerely,
Margaret Dolan, Ed.D.

Greetings from the Principal

Congratulations to the Westfield High School Wind Ensemble for being invited to attend the 2019 Music for All National Festival. It is no small feat that through all of your hard work, practice, late nights, and determination that you have been honored with this opportunity to train and perform with some of the nation’s best musicians. I can tell you that the entire Westfield Public School community is ecstatic that you will be in Indianapolis representing our schools, your families and yourselves well this coming March.

This type of achievement is not accomplished without the guidance of your directors Mr. Vitale and Mr. Sindorf. They have been with you every step of the way, molding the Ensemble into a cohesive team with one sound. I would be remiss if I did not also acknowledge the time and energy our parents have put forth in supporting the musical efforts of not only this band but our entire music department for many years. It is the entire community effort that makes me proud to be the principal of Westfield High School.

Sincerely,
Derrick E. Nelson, Ed.D.
thank you to the members of our Westfield#bandfamily who made this trip possible!

We are so proud of the students here at Cypress Bay for maintaining excellence and the tradition of a high-quality professional education.

The City of Weston is ranked as one of the top cities in the country in which to live by Money Magazine, Family Circle and USA Today, and residents could not agree more. A master-planned community, Weston is picture perfect in every way. Weston is in southwestern Broward County bordering the world-renowned Florida Everglades, yet only twenty minutes to Florida’s famous beaches. Weston’s culturally diverse residents enjoy a vibrant community spread across 27 square miles, having a lifestyle, appearance, and management that many cities around the world wish to emulate.

Michael D. Scott
Director of Bands

Mr. Michael D. Scott is a native of Miami, Florida. A product of inner city living, he grew up in circumstances where there were not many positive role models. He attended Allapattah Middle School and found his initial passion for music while in the 6th grade band. He later matriculated to Miami Jackson Senior High School, and joined the band under the direction of Dr. Jermaine Fleming. There he received the teachings and motivation to pursue music as a full time career. The Miami Jackson Band was very successful, receiving many superior ratings. This gave Mr. Scott the experiences he needed to be successful in college, where he would further his education and teachings in the field of music. Upon graduating high school, Mr. Scott continued his education at Florida A&M University with a major in Music. He also served as the head drum major for the world-renowned Marching 100 Band. His other leadership positions at FAMU also included becoming a student conductor, the head of the show planning committee, the head of the dance routine committee, and the Grammy band choreographer at the 48th Grammy Awards ceremony in LA.

After graduating from Florida A&M University, Mr. Scott was highly recommended for a high school band director position at Miami Carol City Senior High School. When he arrived at Miami Carol City Sr. the band only consisted of 16 people, nine of which included percussion. The program was on the brink of diminishing. In one challenging year Mr. Scott was able to accomplish what would have taken 3 years without his leadership: he and a small group of very dedicated members built the Miami Carol City band up to 120 band members by the end of the following fall season. The band also achieved a rating of Superior in concert band evaluation for the first time in 14 years. After restoring a program at Miami Carol City, Mr. Scott decided it was time to go and give back to his community by accepting a job at his home school, serving as the band director for Allapattah Middle School. Also a once dying program, Mr. Scott started with zero people in the band but then motivated 100 middle school inner city students to rebuild the band program. This was the first time this band had seen life in over 15 years, and it continues to grow to this day. A member of ALPHA PHI ALPHALPHA Fraternity, The recipient of the Tom Bishop Award.

Mr. Scott is a member of the Florida Band Masters Association and is an outstanding and active supporter of the arts in public school education. Mr. Scott is now the Band Director at Cypress Bay High School in Weston, Florida. Upon arriving at Cypress Bay High School, the band program was in need of serious restoration. In only two months the program grew from a mere 20 participants to 180 musically educated members. The bands at South Broward High School have been invited to perform at numerous prestigious events. They are invited to perform in London, several district performances and New York at the great Carnegie Hall. Mr. Scott’s will to give and sacrifice so much to his students is unbelievable. He lives by the philosophy that “All Students Can Be Taught”. The experience and lessons learned throughout Mr. Scott’s teachings is remarkable and is displayed in each band he steps in front of. His mentors include, Dr. Fleming, Dr. Chipman, Dr. Whine, Steve Rivera, & Benny Bolden.

Greetings and Congratulations for Permian High School

Greetings from the Superintendent

We in Ector County Independent School District are extremely proud of the Permian High School Percussion Project for its acceptance into the 2019 Music for All National Festival. Congratulations to Percussion Project Director John Carroll, and all of his students. As the father of a former all-state percussionist from this group, I know firsthand just how much work goes into securing this level of excellence.

These Panther musicians are continuing a long-standing tradition of excellence in our Fine Arts programs. Permian’s programs have been invited to competitions and festivals throughout Texas and the United States. In addition, our school district has received the distinction of one of the Best Communities for Music Education by the National Association of Music Merchants Foundation for the past four years.

Our Board of Trustees and our community join me in wishing our ensemble all the best. Go MOJO!

Jim Nelson

Greetings from the Principal

Permian High School is honored to have our Mighty Mojo Band Percussion Ensemble (Permian Percussion Project) selected to play at the Music for All National Festival. We feel that our Fine Arts Program here in Ector County is second to none in the State of Texas and we are proud to perform for you and all the attendees. This talented group of musicians, under the direction of John Carroll, Jeff Whitaker, Trey Burns and Dr. Lyndsay Eiben, do an outstanding job of representing the very best of what Fine Arts is all about for our students, staff and community located in West Texas.

Our band program boasts over 350 students and is a program that consistently has multiple students qualify for All-Region and All-State honors every year. To be chosen to perform at the festival is a great honor for our fine arts program and we are thrilled to travel and perform for the national festival in Indianapolis. With nearly 800 students in our band, choir and orchestra programs here at Permian High School, we are excited about the opportunity to have a small cross section of some of our most talented fine arts students perform at the Music for All National Festival.

Again, thank you for the privilege and honor to perform and showcase our students this year. We hope you enjoy our students and their amazing talents!

Go MOJO!!!

About the Music Program

Though fine arts have suffered from budget cuts in many places across the country, Spartanburg District 7 has always supported its students in arts education. Along with the Band, Spartanburg High is proud to have the oldest school orchestra in South Carolina and an outstanding choral program. The award-winning band program offers musical and personal growth through three concert bands, two jazz bands, a state finalist marching band, winterguard, numerous chamber groups as well as the percussion ensemble performing today.
Located in northwest South Carolina, nestled in the hills of the Blue Ridge Mountains, Spartanburg County is the fourth largest county in South Carolina, with a population of just over 300,000. Spartanburg’s location at the crossroads of I-85 and I-26 make it ideal for commerce; Michelin, Denny’s and BMW, plus eight colleges all reside in Spartanburg. Located a few hours from South Carolina’s beaches, the mountains of North Carolina, plus the cities of Atlanta and Charlotte, Spartanburg is a wonderful place to call home.

Spartanburg County’s seven school districts offer outstanding academic, fine arts and athletic programs, verified by state and national credentials and accolades. Fitting together like pieces of a puzzle in the heart of the Upstate, the seven Spartanburg School Districts function as separate entities with unique programs and district traditions, working cooperatively and competitively on initiatives that advance education county-wide. Our schools are steeped in traditional values but focused on the future.

Located primarily in the City of Spartanburg, District 7 enrolls approximately 7,500 students each year and is staffed by a team of 1,300 professionals. Six elementary schools, one K-8 and two middle schools all feed into our flagship Spartanburg High School. Spartanburg High School was the first high school in the nation, public or private, to be awarded the U.S. Department of Education Blue Ribbon School Award four times and has been ranked consistently by The Washington Post as one of the nation’s most challenging high schools.
The Spartanburg High School Band Boosters would like to thank our sponsors for their continued support!

About the School, Community, and Music Program

Woodland High School is located in Henry County, Georgia, situated twenty miles southeast of downtown Atlanta. Woodland is one of nine high schools currently operated by the Henry County Public School District, which is Georgia's seventh largest school system, serving over 42,000 students in over fifty schools. Opening its doors for the first time in the fall of 2007, Woodland High School was built to alleviate overcrowding at nearby Stockbridge and Union Grove High Schools. Named after a one-room schoolhouse that existed in the area in the early 1900s, Woodland High School currently has an enrollment of approximately 1,450 students and serves students from the Stockbridge, Ellenwood and McDonough communities.

The band program at Woodland High School provides a comprehensive musical experience for its students. Performing ensembles include the Wind Symphony, Symphonic Band, Jazz Band, Steel Band Ensemble, Percussion Ensemble I and II, Winterguard, and chamber music program. In the fall, all of these groups combine to form the award-winning Wolfpack Marching Band.

The Woodland Bands consistently earn the highest ratings at all levels of evaluation. Students must audition for the top concert band, the top percussion ensemble, and steel band. All ensembles participate in the district and state level assessments and festivals. Additionally, the band program has a strong chamber program with the top band and percussion ensemble participating in Solo and Ensemble Assessment.

The Percussion Ensemble is one of the top ensembles in the band program and has earned a reputation for one of the most improved ensembles in years' time performing sophisticated literature at high levels of music excellence. The Woodland Percussion Ensemble was selected to perform at the 2019 GMEA In-Service Conference and selected to perform at the Sandy Feldstein National Percussion Festival as part of the 2019 Music for All National Festival. Recent guest artists, conductors, and clinicians include Josh Byrd, Katie Byrd, Jim Riley, Paul Vaillancourt, and Jamie Wind Whitmarsh.

In addition to ensemble success, members of the Woodland Band distinguish themselves through individual efforts resulting in high placements in District Band and Georgia All-State Bands. Students also participate extensively in Solo and Ensemble Performance Assessments as well as the Metropolitan Atlanta Youth Wind Ensemble and other Honor Band activities including the UGA JanFest, and the Schwob Summer Music Festival.

The Chamber Choir was selected to perform at the Tennessee Music Educators Association Conference as a Featured Ensemble in 2019 and as a Spotlight Ensemble in 2017. The Ravenwood Choirs have performed at Lincoln Center and most recently, at Carnegie Hall under the direction of Eric Whitacre. A native of Dayton, OH, Ramey received a Bachelor of Music in Piano Performance and a Master of Choral Education from the Blair School of Music at Vanderbilt University. Lauren lives in Nashville with her husband, Clark, and their daughter, Jensen.

Ravenwood High School has a long history of excellence in music education. Over 500 students are enrolled in the band, orchestra, theatre, and choir programs. The Ravenwood band, orchestra, and choir have all received national recognition at the Music For All National Festival in Indianapolis. All three have also been selected to perform at the Tennessee Music Educators Association Conference.

The Ravenwood High School Chamber Choir is from Brentwood, TN and is an honors level group of 10th, 11th and 12th grade singers. They are the culminating Mixed Choir in a scaffolded program of 5 vocal ensembles. The RHS Chamber Choir consistently receives Superior ratings in both sightreading and performance at Regional and State Choral Festivals. In 2013, they appeared in an episode of ABC's hit TV series, Nashville. In 2014, Ravenwood Choirs were invited to perform Handel's Messiah at Lincoln Center in New York City. They have been selected to perform at several music educator's conferences: in 2015, as a demonstration choir for the NAfME National Conference; as a Spotlight Ensemble at the 2017 TMEA Conference; and as a Featured Ensemble at the 2019 TMEA Conference. In April 2018, the RHS Choirs performed under the direction of Eric Whitacre at Carnegie Hall. Every year, many students are accepted into Regional, All State, & National Honor Choirs through MTVA, NAfME, and ACDA. The Ravenwood High School Choirs are repeatedly acknowledged for their high level of musical excellence and look forward to new opportunities to collaborate in the future.

Ravenwood High School is located in Brentwood, TN, in the northeastern part of Williamson County, about 15 minutes south of Nashville. There are approximately 1600 students enrolled in grades 9 through 12. Since opening in 2002, Ravenwood has offered outstanding programs in academics, athletics, and the arts. It is home to some of the most creative, intelligent, athletic, hardworking and fun students in the state!

Ravenwood High School discovers and cultivates intellect, character, and potential: Ravenwood is a place where students work toward becoming effective communicators, complex thinkers, quality producers, and independent as well as collaborative learners; a place where student academic achievement is paramount; a place where athletic and artistic accomplishments serve as catalysts for the school's community involvement and support.

In 2015, the U.S. Department of Education recognized Ravenwood with their top award, the National Blue Ribbon. Those who have lived the Ravenwood experience have seen students who possess the heart to dedicate their high school years to excellence. Developing a sense of urgency every year continues to ensure its place as a top-ranked high school in academics, the arts and athletics.

Greetings from the Principal

East Jessamine High School’s commitment to the arts is entrenched in the identity of our school. This is in large part due to the impact of the choir program over the last three years. Under the direction of Demetrius Mason-Walker, the Jaguar choir has reached new levels and earned the highest distinctions in school history.

Our student performers are consistently recognized for their impact on the community and positive culture in our school. These students are not purely performers, but ambassadors for the program in the classroom. Many of our choir students are top academic students and considered for prestigious programs for their classroom accomplishments. Their impact on our school is a direct correlation to the values that have been instilled in them as a part of the East Jessamine High School choir.

The distinction of performing at the Music for All National Festival is a great honor for this ensemble. To accomplish this feat in the three years is nothing short of incredible. It speaks to the dedication and goal-oriented actions that are core beliefs of our program.

Your administration is immensely proud of the work that you have put into this moment. We are behind you 100% and cannot wait for the rest of the festival to see your talent. Continue to be the agents of positivity and representatives of the Jaguar community. Congratulations on all that you have accomplished and will continue to achieve.

She is presently in her 17th year of teaching and her third year at Cuthbertson High School, having taught in both private and public schools. Under her leadership, the chorus has grown from just over 30 members her first year to more than 60 members this year. About the School, Community, and Program

Cuthbertson High School opened in 2009. Now in its tenth year, the chorus has grown to currently two choruses, with the hopes of growing to a third chorus in the next few years. The ladies chorus has consistently scored superior ratings at the NCMEA district festival each spring, and in October of 2018 some of the ladies chorus members participated in the commissioning of a new choral work for ladies voices at the North Carolina ACDA fall conference. Last year, the chorus and theatre programs finally saw the inception of a booster club called “CHAOS.” The recent success of the Cuthbertson choral program is credited to the dedicated students, amazing booster organization, and one crazy conductor who loves her students and wants to see them succeed in music and in life.

Greetings from the Superintendent

I am privileged to lead the students, staff and community in Jeffco Public Schools, an over 86,000 student district just west of Denver with over 155 schools and many pathways for students. As educational resources in Jefferson County, Colorado, are focused on changing the student task to create graduates who have mastered their educational goals, are self-directed and personally responsible, and critical and creative thinkers able to communicate effectively to be both civically and globally engaged, the arts are central to many students achieving these goals.

Being chosen as the first ensemble from Jeffco Public Schools invited to this event, and one of twelve choirs in the United States accepted through blind audition, Arvada West High School’s Company West is an extremely dedicated and talented group of young women. The 10th–12th graders in this advanced treble chorus have made numerous appearances at high profile state conferences, concerts and festivals over many years as well as several performances at other national (solo concert in Carnegie Hall) and international venues. As testament of the group’s commitment to excellence, 20 members of the 60-member Company West have been accepted to the 2019 Colorado All-State Chorus, showing a dedication to music literacy beyond the norm.

Of the many aspects of my job that continue to impress me, the quality and dedication of Jeffco Public Schools’ educators supporting the artistry of our students is paramount. Chris Maunu, conductor of Company West, was named one of 10 finalists for the Music Educator Award at the 60th GRAMMY Awards and is winner of the 2017–18 American Prize in Choral Performance. He has been an educator serving the Arvada West community for years.

The success of Company West is also a testament to the dedication and talent fostered in our students through the support of parents, volunteer boosters and community members. I am humbled that our music program has the support and opportunity to encourage students to perform in a variety of festivals and concerts. These performances encourage our students to take risks and to experience the joy of performing for an audience.

Thank you to the organizers of the 2019 Music for All National Choir Festival for providing this wonderful experience for our students and congratulations, again, to the members of Company West.

Sincerely,

Jason E. Glass, Ed.D.

Greetings from the Principal

We are pleased and proud to present to you the Company West chorus from Arvada West High School for your enjoyment. The ability to perform at the Music for All National Choir Festival is a highlight of the year for Company West, and we are so honored to be selected as one of the twelve choirs in the United States to perform at this outstanding Festival.

Company West is a 60-voice advanced treble chorus, made up of 10th-12th graders. They are an extremely dedicated and talented group of young ladies. They have performed at several CMEA conferences in recent years, a solo concert at Carnegie Hall, numerous appearances with the Colorado Ballet at the Ellie Caulkins Opera House, and several other national and international tours. They also consistently receive straight superior ratings at festivals and have won several music competitions. Dedication to music literacy is an important component of this ensemble. They demonstrated this with 20 members being accepted to 2019 Colorado All-State Chorus.

Company West is led by Chris Maunu, the director of our vocal music programming at Arvada West. Chris Maunu brings a global perspective to his teaching and has been recognized nationally for his achievements including being one of the Finalists for the Music Educator Award at the 60th GRAMMY Awards and winner of the 2017–2018 American Prize in Choral Performance. Arvada West High School is a comprehensive high school with approximately 1,750 students. Our highly challenging academic program consists of 13 departments with courses ranging from basic to honors and Advanced Placement. Arvada West also offers a wide variety of clubs and activities to meet student needs including extensive athletic activities and a strong music program. Company West is a shining star in our music program and their united voices continue to demonstrate that music is indeed for all.

Thank you again for selecting Company West to perform. Enjoy!

Sincerely,

Greetings from the Superintendent

It is with great pleasure that Academy School District 20 in Colorado Springs, Colorado shares our talented student musicians from Liberty High School. The Liberty High School Women’s Ensemble are proud to perform at this year’s Music for All National Choir Festival. The music programs at Academy 20 high schools are consistent award winners. We value the education our students receive through the music program and it has proven to reach beyond the classroom to enhance student achievement across disciplines. Academy District 20 is appreciative of the great honor of having Liberty High Women’s Ensemble perform for you.

Sincerely,

Mark Hatchell, Ed.D.

Greetings from the Principal

I am grateful that your organization has chosen Liberty High School’s Women’s Ensemble for the second annual Music For All National Choir Festival. We are honored to have our choir featured at this prestigious event. The Women’s Ensemble is one of our top auditioned vocal ensembles at Liberty. They have performed statewide and have earned top honors and superior ratings at competitions, performances, and festivals. The group has also received multiple invitations to perform at the annual Colorado High School Activities Association’s Honors Vocal Gala. Under the guidance of our talented vocal director, A. J. Wulf, this ensemble focuses on the highest standards of literature and performance quality; developing independent musicianship and leadership of all students; and development of passionate future musicians and arts advocates.

The Women’s Ensemble put forth hard work, energy, and a dedication to excellence. Our staff’s belief and commitment to providing a well-rounded education to all students so they can discover their interests and passions, is a testament to the ongoing growth of the Liberty choir program. Even among funding cuts to public education, our performing arts program, including all of our choirs, continue to prosper and thrive.

As is always the case when accolades are given to a group, appropriate gratitude must be demonstrated to those who provided support along the way. Liberty is fortunate to have a community that supports and embraces the choir program and their initiatives. From the feeder choir program at Timberview Middle School under the direction of Karen Hornyak, to the devoted staff pianists, Stephanie Shorden, Maggie Stith, Josh Davis, and Kathy Dorbin, and to the rest of the Liberty performing arts department, our students are provided with experiences and skills that will enrich their lives forever.

I would finally like to thank the Music For All organization for providing the National Choir Festival, which positively promotes every aspect of music education! Bravo!

Sincerely,

Alan J. Thimmig, Principal

Greetings from the Principal

Colegio Santa Gema has had the privilege to have Orlando Alvarado as music director of Coro Juvenil and Coro Infantil for the past 35 years. During that time students have been exposed to share with each other the magic of music. These occasions have been, in turn, moving, enlightening, touching, joyous, and profound, as we have enjoyed the depths of the master works of the great composers both living and historic.

We recognize, admire, and applaud the efforts of our charismatic and talented Orlando Alvarado and his dedicated assistant, Deborah Fernández, who have dedicated countless hours of hard work and preparation along with their students, for this first time journey at the Music for All National Choir Festival. We also recognize the outstanding commitment of parents and their support in believing that this effort will provide a benefit in the lives of all of those who devoted their valuable time to contribute positively in a moment where hope and joy are almost forgotten.

Thank you all for making this wonderful experience possible and a true educational treasure for our community, for we will benefit by enriching and nurturing the values which help us to proudly stand as one through this universal language.

Respectfully,
Francine Ildefonso

Edward P. Norris III
Director of Choral Music

Edward P. Norris III is the director of Choral Music at Glen Cove High School. He conducts the Mixed Chorus and the Select Chorale. Mr. Norris also teaches courses in Music Theory, and AP Music Theory. He serves as the music director and conductor of the school’s musical productions and advisor of the Tri-M National Music Honors Society. Mr. Norris also serves as the district’s music team leader for music grades 6-12.

Mr. Norris is a graduate of the Aaron Copland School of Music at Queens College, where he received both his Bachelor of Arts Degree, and his Masters Degree in Music Education. Mr. Norris has furthered his choral studies singing under the batons of Anton Armstrong, Lawrence Eisman, Weston Noble, Tim Peter, and John Rutter. He has also sung professionally with the Canticum Novum Singers under the direction of Harold Rosenbaum.

Mr. Norris has been a guest conductor for the Long Island Choral Festival at Adelphi University, Hampton Music Educators Association’s All District Festival (grade 9-12 choir), Suffolk County Music Educators Association’s All County Festival (Division II and Division III), Massachusetts Music Educators Association All District Festival, as well as an adjunct professor at the Aaron Copland School of Music at Queens College.

Mr. Norris is also extremely proud to be the director of the Metropolitan Youth Orchestra (MYO) Chamber Chorale. Although this is his 12th year with that organization (he previously directed the Youth Chorale of Nassau County), this is only his fifth year directing the newly formed Chamber Chorale. Under his direction, the MYO Choirs have performed works such as Mozart’s Requiem, Rutter’s Requiem, Rutter’s Te Deum, Poulenc’s Gloria, Handel’s Messiah, and Gjeilo’s To The East And To The West (world premiere 2014). Last season the MYO Chamber Chorale joined forces with Mr. Norris’ Glen Cove Select Chorale to perform a special concert in Lincoln Center featuring the music of Ola Gjeilo with the composer at the piano.

The Glen Cove High School Select Chorale is made up of thirty-nine of Glen Cove High School’s best young musicians. During Mr. Norris’ tenure at Glen Cove High School, his choirs have achieved some of the highest scores at the NYSSMA Major Ensemble Festival where the groups have only scored Gold and Gold with Distinction ratings on level six adjudications. The Select Chorale has also performed in some of New York’s most prestigious concert halls; Carnegie Hall and Lincoln Center’s Alice Tully Hall and Avery Fisher. In the past few years, Glen Cove HS Select Chorale has joined forces with the Metropolitan Youth Orchestra (MYO) at Avery Fisher Hall performing Beethoven’s Ninth Symphony, “Everything Indicates” by Dr. Gerald Custer (world premiere), and at Carnegie Hall performing “Camina Burana” by Carl Orff and “To The East And To The West” by Ola Gjeilo (world premiere).

In recent years, the Chorale has performed at Music Festivals in Pennsylvania, Washington D.C., Virginia and Orlando Florida, receiving top honors at all of the competitions. The Chorale has also performed at the NYACDA Choral Directors Conference, a NAfME Collegiate Conference where they were the demonstrating choir for a choral conductors master class, as well as choral festivals at Westminster Choir College and the Aaron Copland School of Music. Mr. Norris and the Select Chorale have hosted the Stetson University Choir, the Syracuse University Choir, the Hofstra University Choir as well as the Westminster Choir for choral exchanges. Working with these programs and these brilliant choir conductors has been such valuable experiences for our singers! Lastly, the chorale had a workshop with famed composer Ola Gjeilo where they performed the composers works “Dark Night of the Soul,” and “Luminous Night of the Soul” with Mr. Gjeilo at the piano. The composer worked with the singers to provide insight on how to perform these works in concert.

In December of 2013, the Select Chorale was invited to perform at the White House for President and Mrs. Obama, as well as other invited guests. In January of 2016, Mr. Norris and the Select Chorale performed in a concert tour of Italy which included performances at St. Peter’s Basilica, the Church of San Lorenzo, and the Basilica of St. Francis. While on tour, the Chorale had the distinct honor to perform for His Holiness Pope Francis at the Feast of the Epiphany at St. Peter’s. The Select Chorale has been featured on NY CBS channel 2 every holiday season for the last 5 years as well as a special holiday concert this past December at St. Patrick’s Cathedral in NYC with the Young People’s Chorus of NYC under the direction of Francisco Nunez.

We are very grateful and excited for the opportunity to perform at the Music For All National Festival! We look forward to working with all of the amazing conductors and groups at the Music For All National Festival! Congrats to all of the other ensembles who are performing!

Greetings from the President

We are incredibly honored that Herron High School’s Concert Choir has the privilege to participate in this highly respected Music for All National Festival.

Herron High School was established in the fall of 2006. Under the leadership of Dr. Jonathan Q. Harris, our concert choir quickly became the torchbearer for our school. Their joyful talent, discipline, and commitment to our community have carried our school’s mission and values throughout our city and beyond.

Our choral program consists of three choirs and two extra-curricular choirs. Our concert choir had the opportunity in 2017 to participate in the Tlaxcala International Choir Festival. This opportunity to share their talents with students from all over the world was a transformative experience for our students.

Our choirs are also asked to perform each year at the Indiana Statehouse for the National Day of Prayer.

I give my personal thanks to Dr. Jonathan Q. Harris and Mr. Scott Riley, our choral leaders, for their commitment to excellence. I, also, want to let our choral students know how deeply grateful and proud I am that you have been chosen to perform in this most prestigious event.

I urge all participants to savor the moments that this festival will bring. Henry Wadsworth Longfellow stated “Music is the universal language of mankind.” Performing will be thrilling, listening to other choirs sing will be inspiring, and forging new friendships will be enriching.

Sincerely yours,
Janet H. McNeal

Greetings from the Head of School

The Herron High School Concert Choir is the face and voice of our school, and it is with great pride that I celebrate their selection to participate in the National Choral Festival at the Music for All National Festival. I am so excited that this hard working, talented group of young people are able to share their love of music on this prestigious stage.

I would also like to acknowledge the incredible leadership that Dr. Jonathan Q. Harris and Mr. Scott M. Riley bring to our choir program in general and our Concert Choir in particular. Under their guidance, the Herron High School Concert Choir has become a world class ensemble and the pride of our entire school community.

Finally, I would like to thank our 2018 Concert Choir for their dedication this year and years past. Scholars, my heartiest congratulations to you all – you are the first group in Herron High School history to be selected to participate in the Music for All National Festival. I know you will continue to make us proud, and I congratulate you on your achievement. Thank you!

Greetings and Congratulations for
William Mason High School Honors Concert Choir

Greetings from the Superintendent

Mason City Schools’ administration, families and community members are very proud of our award-winning choir program, and we are excited to share the talents of our MHS Honors Concert Choir during this prestigious event. The arts are an integral part of the curriculum at Mason City Schools, and we share with you a common appreciation for the performing arts.

Arts education enhances our students’ understanding of the world and broadens their academic perspective. The arts give us the creativity to express ourselves while challenging our intellect, and our students show this creativity every single day! We appreciate that our choir’s level of performance and expertise has been recognized by being chosen to participate in the Music for All National Choir Festival. We value the commitment to excellence that our directors, Jason McKee and Katie Hayward, display each and every day, and we hope you enjoy today’s concert!

We are thrilled that our High School Honors Concert Choir has this opportunity to represent the Mason community on this national stage, and we know they will represent Ohio well. Their performance would not be possible without these extremely dedicated and talented students and their supportive parents.

Sincerely,
Jonathan Cooper

Theodore Thorpe, III
Director of Choral Activities

Theodore Thorpe, III, serves in his ninth season as Director of Choral Activities at TC Williams High School in Alexandria, Virginia. His lifelong experience as a musician brings richness to his leadership, as he draws on celebrated talent as a conductor, musical director, vocalist, pianist, organist, composer, arranger, and choral master.

A native of Brooklyn, N.Y., Theodore Thorpe III began his musical training studying piano at the age of four. He holds a Bachelor of Arts degree in music: vocal performance and pedagogy from Oakwood University and a Master of Arts degree in music with emphasis in choral and orchestral conducting from Morgan State University. Mr. Thorpe's musical talents have been recognized for exemplifying musical excellence throughout the years. He was the former music director for the Washington Youth Choir, a nonprofit music program which served all high school students in the D.C. metropolitan area. He has composed and arranged songs that have been published and recorded by renowned distributor GIA including a set of “Three Choral Responses” that include, “The Lord Bless You and Keep You”, “He is Lord”, and “Until we meet again”. A multifaceted musician, Mr. Thorpe has served as Artistic Director and conductor at major historical performing arts centers including Carnegie Hall, the Joseph Meyerhoff Symphony Hall, the Strathmore Music Center, and the Kennedy Center. He presently serves in his thirteenth season as music director and staff musician at Alfred Street Baptist Church in Alexandria, VA and his second season as Artistic Director for Washington Performing Arts Men & Women of the Gospel. Theodore is also a member of the Virginia Music Educators (VMEA), the American Choral Directors (ACDA), and Chorus America professional musician associations. Theodore is now married to the former Jennifer Alexander, who is also a Brooklyn native and they reside in Ft. Washington, MD. Mr. Thorpe believes strongly in excellence without excuses. He continues to work to make a difference in education, in the lives young people, while blazing a trail for upcoming musicians.

TC Williams High School choral program is comprised of about 120 students representing a variety of cultures and ethnicities that are broken into four distinct groups: Advanced, Mixed, Concert, and Show Choir. All students learn to create an appropriate individual vocal sound and contribute to an ensemble choral sound.

Under the direction of Theodore Thorpe, III, the choral program received a complete transformation not only in curriculum and vocal maturity, but also in enrollment and in notoriety, as well as tripling in number. Over the last three years, the choir has performed for the President of the United States and First Family in “Christmas in Washington” and “Kennedy Center Honors” nationally televised productions on TNT and CBS TV respectively. The choir also had the privilege of performing at the John F. Kennedy Center for the other four living Presidents including President Clinton, President Carter, President G.W. Bush, honoring the service of President George H.W. Bush. The choir has performed for the Alexandria branch of the NAACP, and opened for the cast of current television show “Glee”. In addition, they have participated in local and national Festivals, including the Disney Festival in Orlando, FL, the Kings Dominion Festival in Doswell, VA, the Heritage Music Festival in Atlanta, GA, the Busch Gardens Festival in Williamsburg, VA, and the Cedar Point Festival in Sandusky, OH, in which they received superior ratings for their choral performance.

The TC Williams Concert Choir also won the 2011 iSing Challenge Competition, taking home the grand prize of $5,000 in which they competed against several award winning high school programs along the eastern seaboard. The choir also took top honors at the 2012 OrlandoFest Band/Choral/Orchestra Festival located at Universal Studios, Orlando. TC Williams Advanced Choir swept its category of Choir by receiving Superior ratings, taking home the Gold trophy, and receiving the “Grand Champion” Award for the highest scoring ensemble of all 16 choral ensembles present. Recently, Mr. Thorpe was noted by the Alexandria Times as “Inspiring students to soar!” given the choral music programs’ excellence throughout the years. Both he and the TC Williams Choir were featured for their performance at the opening ceremony of the African American Museum of History and Culture.

Our ETHS Wind Symphony and Percussion Ensemble showcase our remarkable band program under the expert direction of Mr. Matthew Bufis, Director of Bands; Ms. Haley Nichol, Associate Director of Bands; and David Eisenreich, Director of Percussion.

Music education is a top priority at our school. We have a long and proud music education tradition and an uncompromising commitment to the fine and performing arts. Our students participate in choirs, chorales and vocal ensembles, string and symphony orchestras, and, of course, many bands ranging from jazz and marching bands to our Wind Symphony and Percussion Ensemble performing at this festival.

We are particularly proud of our students. They are not only fine musicians who work hard to develop their skills and talents, but they are truly good human beings. They bring a positive attitude and enthusiasm to our bands, and they are also leaders in our school who participate in a variety of clubs, activities, athletics and service projects. I have the pleasure of interacting with these students, attending their performances and watching them develop and flourish throughout their high school experience. I see smart, thoughtful, questioning, caring young people who are growing daily into mature and confident people who have big dreams and bright futures.

Music enriches the human experience in every part of the world, in every culture, across all races. Music is, indeed, the universal language, a shared experience that reminds us of our oneness on this planet. Today, as you experience accomplished musicians from around the United States, we can all appreciate how music is such an important part of their lives. Greetings from the Superintendent

Congratulations on your selection to perform in the National Concert Festival in Indianapolis, Indiana on March 15, 2019. The entire staff of administrators, teachers, and your fellow students all know and appreciate the extraordinary number of hours you put into your preparation in order to be selected for this high honor.

Mill Creek High School has been very fortunate over the years to have many successful programs; none though have been as successful or received higher honors than our band program. Both of our directors, Mr. Erik Mason and Mrs. Bridget Wildes, both display the utmost levels of professionalism, passion, and excitement for their program and students. This is just one of the many reasons the Band program has been so successful and continues to grow in both numbers and prestige year after year.

I would also like to take this opportunity to thank the band parents and booster club. I cannot think of another organization that works harder throughout the year to provide the outstanding opportunity our students have who participate in the band programs at Mill Creek High School. You are to be commended for your service and dedication, as none of this would be possible with the support and time you invest into our students.

I always enjoy listening to our band perform whenever I can; whether it be in the classroom during a visit, or at the various concerts throughout the year. I am certain that your performance will be one of the highlights of the festival and that you will represent yourselves, the band program, and your school community very well. We hope everyone enjoys today’s performance by this distinguished group of musicians.

Congratulations, and GO HAWKS!

As Superintendent, it is with great pride that I offer my congratulations on your selection as a featured ensemble at the Music for All National Concert Band Festival. Our performers should be very proud of their hard work to achieve this accomplishment!

What an honor it is for Mountain Ridge High School (MRHS) and Deer Valley Unified School District (DVUSD) to be included in this extraordinary event. These staff members and students model the mission of the MRHS Band to demonstrate Tradition, Pride, Determination, and Excellence, and fulfill DVUSD’s mission of being Extraordinary!

The accomplishments of these fine musicians would not be possible without their supportive teams of parents, teachers, administrators, boosters and honored Band Directors. Our district and community are proponents of music education and are very proud of the many achievements of the MRHS Band, as this event will add to your reputation for exemplary state and national level performances.

Best wishes on a fantastic performance at the National Concert Band Festival!

Greetings and Congratulations for
Lakeland High School Wind Symphony

Greetings from the Superintendent

Welcome! What an honor it is to have our Lakeland High School Wind Symphony selected to represent Polk County Public Schools at the esteemed Music for All National Concert Band Festival.

At Polk County Public Schools, we live by the slogan, “Students First,” and we strongly believe that to truly put our students first, we must give them access to a world-class arts education.

It is through the arts that our students learn problem-solving skills, develop self-discipline, channel their creative energy, realize a deeper sense of themselves as individuals, and forge lasting friendships. Participation in the arts, we have no doubt, directly correlates to students’ overall academic success and engagement. That’s why the arts will always be supported — and celebrated — within Polk County Public Schools. The LHS Wind Symphony is an outstanding example of our commitment to the arts, and the talent we are honing within our school district.

As superintendent of Polk County Public Schools, I am thrilled that our students have been given the chance to perform at the Music for All National Concert Band Festival, and it fills my heart with pride to share their talents with you. Thank you and enjoy the concert!

Greetings from the District’s Fine Arts Department Chair

The Fine Arts Department of Conroe ISD is extremely proud of the College Park HS Wind Ensemble for earning the invitation to perform at this prestigious festival. Jeremy Freisz  
**Director of Music Studies**

Mr. Jeremy Freisz earned his Bachelor of Arts from Central Washington University where he studied conducting with Larry Gookin. He started his teaching career in Naches, WA, a small school in the foothills of the Cascade Mountains. He taught in Naches for 16 years and built a program with 25% of the student body in band. He started a competitive marching program and a jazz program for the first time in school history. This band went on to earn many awards in marching, concert and jazz awards. One of these highlights was the concert bands selection as a featured performing group in the 2012 Washington All-State convention.

Five years ago Mr. Freisz was approached by one of his great friends, Dr. Gerhardstein to take over the baton at West Valley High School. This was an already fantastic program were Mr. Freisz could really spread his wings as an educator. The program has seen much growth in enrollment and quality during his time at West Valley thus far. The marching band has won 6 sweepstakes trophies over the last five seasons. The jazz and concert bands have won numerous awards including an encore performance with the concert bands at the Cantondo Festival in Whistler, BC. Many students have been selected for All-State and All-Northwest honor bands under his leadership.

In 2017 Mr. Freisz and Mr. Jones became a dynamic duo. Since joining forces, they have taken on the whole vocal and instrumental program where they teach over 400 students a day. The Ram music family is alive and well under their direction.

Tyler Jones  
**Associate Band Director**

Tyler Jones is in his second year both at West Valley High School and in the rewarding career of music education. Tyler directs three of four concert ensembles offered at West Valley as well as Jazz Band III, Freshman Choir, Marching Band and Pep Band. Prior to WVHS, Tyler attended Central Washington University studying trumpet with John Harbaugh and performing in multiple ensembles. While at CWU, Tyler spent five years participating in the marching arts with both the Cascades and Blue Devils Drum and Bugle Corps.

Tyler began working with Jeremy during his time at CWU co-directing the marching band at WVHS. During these five years the marching band experienced a substantial shift in the culture as well as substantial growth both in numbers and quality. This revitalization earned the program its first sweepstakes award as well as earning one every year to date.

Among the most fundamental principles of the program at WVHS is the growth in a positive and supportive culture within the music department. Uniquely, Tyler and Jeremy operate both the band and choir programs at the high school which creates a substantial connection between all musicians on campus. Tyler is overwhelmingly humbled to be on stage at the Music for All National Concert Band Festival with his alma mater, conducting with his best friend and colleague Jeremy Freisz.

Greetings from the Superintendent

The fine arts in District 214 play a vital role to ensure that students are college, career and life ready by providing a well-rounded experience and the skills students can enjoy throughout their lifetime. It is both an honor and a privilege for me to congratulate the Rolling Meadows High School Chamber Orchestra on being selected to perform at the Music for All Chamber Music National Festival. This honor would not be possible without the dedication and support of our director Kevin Carroll and the parents who go above and beyond in supporting our musicians. This particular honor is not only a tribute to our students, but to the music teachers who have supported them along their journey.

Congratulations to all who are participating in this prestigious event and best wishes for an outstanding festival!

Sincerely,
David R. Schuler, Ph.D.

Greetings from the Principal

It is a tremendous honor for our Rolling Meadows High School Chamber Orchestra to be selected to play at the Music for All Chamber Music National Festival. This is an exciting opportunity for students, and an opportunity that demonstrates the commitment to excellence and dedication students have to their musical craft.

The administrative team at Rolling Meadows High School is extremely proud of the Chamber Orchestra, and the entire orchestra program. Having strong fine and performing arts programs for students is of critical importance. We also thank the parents for their support and commitment to the orchestra program, as the students would not have reached this level of excellence with you!

The ethnically diverse student body comes from over 50 different countries; 60% are Asian or Pacific Islander and the remaining 40% are Caucasian, Hispanic, and multiracial. Herricks students shine as high-performing scholars, artists, and musicians. Each year, they are recognized with local, state, and national awards in a variety of academic subjects. They continue to earn accolades from the National Merit Scholarship Program as scholarship winners, finalists, semi-finalists, and/or commended students. They flourish in the areas of science, technology, engineering, mathematics, and the performing arts, taking highly sought after titles such as Regeneron Scholars and Siemens Competition finalists and semi-finalists.

Herricks has been designated a Best Community for Music Education by the NAMM Foundation for many years in a row, and students are consistently selected to national and statewide music competitions and festivals. In 2017 Herricks High School was selected as a National Blue Ribbon School, which resulted from the collective efforts of the Board of Education, faculty and administration, supportive parents and community, and hardworking and passionate students. While their areas of interest may vary, Herricks High School students share several common qualities. They are dedicated, determined, and competitive, but also compassionate. This is evident not only when looking at awards, but also in the many efforts that are coordinated each year by teams, clubs, and other school organizations to pay it forward and make a difference to others in the Herricks community and beyond.

About the Music Program
The fine arts programs in Klein are among the best in Texas and in the country. The Klein ISD has been nationally recognized with multiple Grammy Signature School awards and has been selected as a Best Communities for Music Education by the NAMM foundation for the last 10 years. Several alumni have seen much success in various arts industries around the world including Broadway, film and television, music performance, graphic art, and much more.

The fine arts programs in Klein have a very strong support system in the community, evidenced by the bond plans including new campuses being built with state-of-the-art fine arts facilities and expansions or updates for existing schools.

Specifically, The Klein Collins Orchestra is a 200-plus member organization of some of the most talented and musically gifted students in the Klein ISD. Each year, this group is awarded top honors in competition both locally and nationally. This organization has performed in the Lincoln Center Plaza in New York City; Gettysburg, PA for the 150th Anniversary of the Battle at Gettysburg; Carnegie Hall in New York City (three occasions); the Meyerson Symphony Center in Dallas, TX; and in Disneyland in Anaheim, CA. The symphony orchestra was twice a finalist in the Texas Music Educators Association Honor Full Orchestra competitions, earning sixth place and second runner-up in 2011 and 2012, respectively. Most recently, the Klein Collins Symphony Orchestra was selected to perform in the Music For All National Orchestra Festival in the spring of 2018. Continuing with that tradition, the Klein Collins “Viribus” String Quartet has sustained that mark of excellence with their selection into the Music For All Chamber Music Festival. The Klein Collins H.S. music program owes a lot of its success to the collaborative efforts of the band, choir, and orchestra programs and together combine to perform an annual “Masterworks” concert that in years past has featured works like Beethoven’s “Ode to Joy” from Symphony No. 9, Schubert’s Mass in G, John Rutter’s Christmas Carols, and Robert Shaw’s The Many Moods of Christmas, to name a few.

The over 300 students in the band program include wind players, percussionists, and color guard. The band program has enjoyed many successes including an appearance at the Texas State Marching Contest in 2008. The marching band is a consistent Texas UIL Sweepstakes winner as are the program’s five concert bands. Over 70 students in the band earned a chair in the TMEA All-Region Band with an additional 18 earning a distinction as being All-Area. Five members of the school’s 2017–2018 Wind Ensemble were in the Texas All-State Band. Over 50% of 2018 band seniors were honor graduates at Cypress Woods High School. The Cypress Woods Band is fortunate to be the beneficiary of two strong middle school band programs: Goodson Middle School, under the direction of Alex Hinojosa; and Spillane Middle School, under the direction of John Barton.

Greetings from the Principal

The Grain Valley students, staff and community are honored that our Percussion Ensemble, under the direction of Mr. David Gronneberg, has been asked to perform at the 2019 National Percussion Festival. Our students and band staff, as well as our administration, realize what a privilege it is to perform at this venue.

Our music program at Grain Valley High School is a source of pride for the District. It has experienced remarkable growth in participation and performance. The Percussion Ensemble has specifically received consistent superior ratings at the State level. There are a record number of students being accepted to All-District and All-State ensembles. We are proud of our innovative percussion program, directed by Mr. David Gronneberg, which is among the best in the state. The tremendous dedication and work ethic of our outstanding students is matched by our equally dedicated and supportive band parents.

The impact that dedicated music educators can have on a school culture is astounding. We have seen it at Grain Valley High School where the emphasis on professionalism and striving for greatness through hard work and dedication has permeated our hallways. Many of our top percussion members are also our top students taking multiple Advanced Placement and other college-level courses.

We hope you enjoy hearing our Percussion Ensemble as much as they enjoy performing for you.

Sincerely,

Jeremy Plowman, Ed.D.

Greetings from the Superintendent

It is an honor for the students, staff, and community for our student percussionists to be a part of this year’s National Percussion Festival. I thank you for the invitation to perform. As superintendent of schools, it gives me a great deal of joy to know that what our kids are doing in Grain Valley can be shared with a wider audience. I hope you enjoy listening to their performance as much as we do.

As I look back on my 18 years in the Grain Valley School District, I am reminded of just how far our instrumental music program has evolved. When I arrived, Grain Valley was a typical, average (at best) band program. The district made a conscious effort to bring in talented educators like our Director of Percussion, David Gronneberg, to work with our students. When you combine his expertise, and the expertise of the rest of the music staff, with the motivation of our students to perform and achieve at a high level, great things can be accomplished. The group performing at the National Percussion Festival is a result of those efforts.

I am so proud of our Grain Valley students. They put in countless hours during and after school to be able to show others their love for music and their abilities as percussionists. My son was a member of this group for four years, and I can tell you from personal experience that he and the other members are passionate about what they do and take their performance very seriously. I am also proud of the support shown to these students by their parents and the community. It could not be done without them.

Again, thank you for the honor of allowing our students to be a part of this amazing event! Enjoy the performance!

Sincerely,

Marc A. Snow

Greetings from the Superintendent
Keller Independent School District is thrilled that the Keller Central Percussion Ensemble—along with the Keller Central Wind Ensemble—has earned a spot in this year’s Music for All National Festival. It is truly a privilege to have these talented band members selected for such a highly sought-after honor, and we could not be more proud of them. They have put in countless hours of practice and performance time, refining their skills and expanding their love of music - I have no doubt they will shine when they perform for you today.

The achievements of both of these ensembles would not be possible without the exceptional leadership of Keller Central High School Band Directors Kevin McNulty, Kai Rudnick, and Matt Stephens, whose discipline, dedication, and love for music provide a strong foundation for these students. In addition, Keller ISD Fine Arts Director Kim Blann’s unwavering support and efforts to enhance the District’s music programs, as well as her passion for the arts, is an undeniable asset for which we are most grateful.

In closing, I would like to congratulate the members of Keller Central’s Percussion Ensemble for the hard work, diligence, and commitment that they demonstrate in both their studies and their craft; as well as express my gratitude to the Music for All organization for providing the resources necessary to continue enriching fine arts programs across the nation.

Greetings and Congratulations for Argyle Middle School Honor Winds

Greetings from the Superintendent

On behalf of Argyle ISD and the Board of Trustees, I congratulate the Argyle Middle School Honor Winds and their directors, Evan Fletcher, Bojan Gutic, Michael Lemish, James McNair, Asa Burk and Jason Bird, for their outstanding accomplishment and selection to perform at the Music for All National Concert Band Festival. Argyle ISD values and supports band and other fine arts programs as they contribute immensely to the development of well-rounded students and citizens. The selection of these students is a tribute to their unwavering dedication to instrumental music and many hours of commitment to practice and improvement. Also the support of their parents has been a huge contributor to the success of the program. Music, as a universal language, brings harmony to life and life’s experiences as well as to the performance halls. The school and community are very proud of their selection and know the young musicians selected will return the investment and confidence placed in them by their selection many times over. Enjoy the performance of these young musicians as we in Argyle ISD do.

Telena Wright, Ed.D.

Greetings from the Principal

Congratulations to the Honor Winds from Argyle Middle School on the outstanding accomplishment of being selected to attend the 2019 Music for All National Festival. This national recognition speaks to all of the hard work and dedication the students and directors have put forth. The Honor Winds, under the direction of Evan Fletcher, exemplify all that is great about Argyle Middle School. These band students show their versatility by not only being fantastic musicians but by serving others through organizations like student council and National Junior Honor Society.

We must also thank the parents, whose time and energy is put forth to make sure our students become the very best musicians they can be. I am extremely excited for our students in the Honor Winds to have this opportunity to travel and be around others who value music and the joy it can bring.

Greetings and Congratulations for Trinity Springs Middle School Wind Ensemble

Greetings from the Superintendent

Keller Independent School District is thrilled that the Trinity Springs Middle School Wind Ensemble has earned a spot in this year’s Music for All National Concert Band Festival. It is truly a privilege to have this talented group of students selected for such a highly sought-after honor, and we could not be more proud of them. I have no doubt they will shine when they perform for you today.

These musicians have put in countless hours of practice and performance time, honing their skills and collecting a number of awards and recognitions over the years. Not only have they received both National and Commended honors in the Wind Band Mark of Excellence project, but they have been TMEA Honor Band finalists and consistent UTL Sweepstakes recipients as well. In addition, they have received both Grand Champion and Outstanding Performance distinctions at the Beach Within Reach Band Festival, as well as named “Band of the Day” at both the Peak and Ovation Music Festivals.

The achievements of this ensemble would not be possible without the exceptional leadership of Trinity Springs Middle School Band Director Dean Surface, whose discipline, dedication, and love for music provides a strong foundation for his students. In addition, Keller ISD Fine Arts Director Kim Blann’s unwavering support and efforts to enhance the District’s music programs, as well as her passion for the arts, is an undeniable asset for which we are most grateful.

In closing, I would like to congratulate the members of the Trinity Springs Middle School Wind Ensemble for the hard work, diligence, and commitment that they demonstrate in both their studies and their craft; as well as express my gratitude to the Music for All organization for providing the resources necessary to continue enriching fine arts programs across the nation.

Kindest regards,
Dr. Rick Westfall

Greetings from the Principal

Thank you for the honor and privilege you have given to the Band Students at Trinity Springs Middle School by allowing them to perform for you at the 2019 Music for All National Festival. One day, these students will be able to look back at this time and realize just how special this performance was to them.

Excellence is not a foreign concept for the Trinity Springs Middle School Band department. This recognition is representative of the numerous hours of preparation, dedication, hard work and talent made by these students. Making music together is a privilege and allows these young students a chance to develop their musicianship, character and attention to detail. I have no doubt that these students are going to leave you in awe after their stellar performance today.

I also need to take the time to recognize their leader, Mr. Dean Surface. He is a master teacher that commits himself to teaching these students to be excellent music makers and to be the best people possible, in and out of the classroom. He arrives at school before the sun comes up and is at school long after the sun has gone down, dedicating himself to his program and the students within it. He is kind, hard-working and cares about his students and our school. These students would not be on this stage today without him, and I am honored to have him as a teacher on my campus.

Thank you, Music for All, for providing an opportunity for these young students to perform at such a prestigious event that will change their lives forever. They will take this experience with them for years to come. Please enjoy their performance today.

Sincerely,
Justin Barrett

About the Music Program

Trinity Springs Middle School currently has four bands comprised of 7th and 8th graders: Wind Ensemble, Symphonic Band, Concert Band, and Instrumental Ensemble. All 7th and 8th grade students attend required sectionals before or after school for 1 hour. The Wind Ensemble students can also attend a before or after school ensemble with the private lesson staff. Students have the opportunity to be a part of the Jazz band that meets before school once a week. The main priority for 7th and 8th grade band students is to build the individual musician and then, to help each student apply their individual skills toward the success of the overall group. All three band directors also teach on the adjacent 6th grade campus, Trinity Meadows Intermediate.

In a typical day, each band director will teach one to two bands and then see six 22-minute beginner classes. In 6th grade, the goals for each student are great fundamental tone, ability to read music and rhythms, and an understanding of their importance to the band program as a whole. Although our students are split on two campuses, from 6th-8th grade, it is considered one entity titled “Trinity Bands.”

Cultivating lifelong musicianship is the ultimate goal of Trinity Bands. Students are allowed to start at their own ability level, and with help, make progress every day. Band is for everyone and the Trinity Bands directors make sure they all have a place!

A very special thank you to Bell’s Music Shop! Their support has been a crucial component of the Trinity Springs Wind Ensemble’s trip! THANK YOU!

Greetings from the Superintendent

It is with great honor and pride that I present to you the talented students of the Sartartia Middle School Wind Ensemble. The ensemble is under the direction of Julieanne Amos, Joseph Slusser and Andres Aya. Thanks to these outstanding leaders, our students are equipped and ready for their performance at the Music for All National Festival. These young musicians are prime examples of the values and traits FBISD instills in each of our students through the District’s Profile of a Graduate, which outlines the traits an FBISD graduate should have.

We understand the importance of our Fine Arts programs in providing our students with a solid foundation and strong character in order to equip them to pursue futures beyond what they can imagine.

We hope you enjoy the Sartartia Middle School Wind Ensemble.

Sincerely,
Dr. Charles Dupre

Greetings from the Director of Fine Arts

It is with great pride the Fine Arts Department from the Fort Bend Independent School District presents the 2018-19 Sartartia Middle School Wind Ensemble, under the direction of Julieanne Amos, Head Director, Joseph Slusser, Assistant Director, and Andres Aya, Percussion Specialist.

Fort Bend ISD seeks to provide a high quality fine arts education for all students, which supports their academic, social-emotional, and creative development. This goal is achieved through a comprehensive performing and visual arts curriculum offering a wide range of learning experiences and performance opportunities.

I congratulate these wonderful young musicians, their gifted teachers, and their proud parents on being selected for this auspicious honor. I want to extend my appreciation to the Music for All National Festival for acknowledging artistic excellence by showcasing these magnificent musical organizations. Our community, Board of Trustees, and the entire administration of Fort Bend ISD support fine arts education as an essential component in inspiring and equipping our students for futures beyond what they can imagine.

James Drew

Greetings from the Principal

I am elated and full of pride to present the Sartartia Middle School Wind Ensemble for being selected to perform at the Music for All National Festival. Our program has thrived under the phenomenal direction of Julie Amos and Joseph Slusser. An honor of this magnitude is only possible when passion meets unyielding dedication. When these two components combine there is no doubt the outcome will transcend that which has been imagined. This recipe for success culminates in what we are so blessed to experience here: a collective group driven by one common vision, to make music that is of world-class caliber.

Sartartia is an amazing school and our Wind Ensemble is indicative of all that contributes to what makes us such a special institution of learning. At Sartartia, we emphasize the development of the whole child—through academics, leadership, service, and the fine arts. Music education is a vital contribution towards our purpose.

Much is gained when a child studies music. The mind is stimulated in ways that otherwise may remain untapped. Students not only learn fundamentals that directly apply to honing their craft, but they also learn methods that can be applied in academia as well. As if this was not enough, our band students learn dedication, perseverance, and the importance of contributing to something that is larger than one's self in order to create a truly special gift for their audience.

On behalf of the students, staff, and community of Sartartia Middle School, we proudly present our Sartartia Secondary Middle School Wind Ensemble. Thank you for the honor to perform here today.

About the Program

Located in East Honolulu, Kaimuki Middle School serves 1000 students from five elementary feeder schools. Many students apply for a geographic exemption to enroll in Kaimuki. Recognized as a notable school, Kaimuki received the National Blue Ribbon School of Excellence award. Through the strong leadership of Principal, Frank Fernandes and a dedicated staff, Kaimuki holds true to its vision statement; “KMS is a place with heart that challenges and strengthens the mind, body, and spirit.”

The Music Department is comprised of approximately 625 students in grades 6-8, participating in Beginning Band, Concert Band, Beginning/Advanced Strings, Beginning/Intermediate Ukulele, and Chorus. Our music students strive towards excellence while emphasizing community service, respect, responsibility, positive relationships, and resiliency. They have traveled to Japan, New York, Boston, New Haven, Philadelphia, Washington D.C., Los Angeles, and Maui to perform and participate in student exchanges. All music ensembles perform in multiple concerts for the community each semester.

The KMS Concert Band program consists of the Kaimuki Concert Band, and the Kaimuki Symphonic Winds. All band students join the Beginning Band as a 6th or 7th grade student. Second and third year students are placed into one of five concert band periods. Students focus on music fundamentals during class. All concert band students must work on their concert music during after school rehearsals. Students audition for placement into one of the concert bands each semester.

The Symphonic Winds is the premier wind band in the music department, consisting of highly motivated seventh and eighth graders. Under Ochi-Onishi’s direction, the Symphonic Winds have consistently received superior ratings each year at the Oahu Band Directors Association Parade of Bands Festival. The Symphonic Winds have performed for the American School Band Directors Association Convention in Hawaii and the Hawaii Music Educators Association Conference. In 2015, the Symphonic Winds made its debut as the first middle school band from Hawaii to perform at Carnegie Hall and was awarded the Gold Award from the New York Wind Band Festival adjudicators. Many Symphonic Winds students participate annually in the OBOA Solo and Ensemble Festival, Honor Band and Select Band Festival, and the Hawaii Youth Symphony. We are excited to be the first middle school band from Hawaii to participate in the Music for All National Festival.

Special thanks to our dedicated educators in our music department: Derek Fujio, teaching Beginning/Advanced Strings, Concert Orchestra, and Co-Beginning Band; Robert Hayakawa, teaching Intermediate Ukulele and Kaimuki Concert Band; and Kendal Ledesma, teaching Beginning Ukulele and Chorus.

Under the guidance and leadership of Band Director Susan Ochi-Onishi for over 25 years, the Kaimuki Symphonic Winds has developed into an outstanding music ensemble. I know that you share my sincere appreciation for all the students’ hard work and preparation.

I wish all participants and guests a joyous and memorable evening. Enjoy the show!

Dr. Christina M. Kishimoto

Greetings from the Principal

Nestled at the foot of the world famous Diamond Head, Kaimuki Middle School offers numerous and varied learning experiences to our students. Important among these experiences are those related to the arts. Prominent in our arts offerings is music, through which over 60% of our 1,000 strong student body are engaged in Ukulele, Chorus, Strings/Orchestra, and Band classes.

Of course, being a performing art, all music students engage in various groups that perform for the community, including our award winning Kaimuki Symphonic Winds (KSW).

It was with tremendous excitement, that our KSW received their invitation to participate in the Music for All National Festival. It connects compelling music performance with tremendous opportunities to learn from music masters, other youngsters from across the nation, and travelling!

We are honored and most appreciative of our selection to take part in the 2019 Festival and we eagerly anticipate both the challenge and the strengthening that come with the demands of participating in a festival featuring such a high level of musical excellence!

I commend and congratulate our wonderfully talented, yet humble youngsters, our inspiring music staff, and our proud and supportive parents/guardians!

In particular, I wish to commend and congratulate Susan Ochi-Onishi, KWS director, who will conduct the group. Mrs. Ochi-Onishi has spent countless hours in rehearsals, music selection, and trip planning and has done a masterful job of inspiring our youngsters to achieve as musicians, students, and people!

Our warmest aloha and best wishes to all the Festival participants, the hard working staff behind the Festival, and the scores of individuals that make the Music for All National Festival successful!

About the School and Program

As one of two middle schools in the Willis Independent School district, Lynn Lucas Middle School serves over 800 students in grades 6-8. Higher expectations for student achievement are set every year and are complimented by rigorous academic and elective classes, including Pre-AP, gifted/talented, athletics and fine arts course offerings. The music educators at Lynn Lucas Middle School have a passion for developing young musicians, fostering their individual musicianship and their lifelong love of music. Willis ISD is located 45 miles north of Houston, Texas, and is nestled between the Sam Houston National Forest and Lake Conroe. The district is comprised of five elementary campuses, two middle school campuses, and one high school, the award winning Willis High School. Lynn Lucas band students start beginner band in 6th grade in homogeneous instrument classes. Students are taught high level pedagogy from the very start. It is a goal of the Lynn Lucas band directors to be experts in pedagogy and to teach our students the best performance practices from the start. Beyond beginner band, students are placed into one of three concert ensembles. It is the goal of each ensemble to prepare students for the next step in their musical journey: a higher level concert class or for high school band. The music programs of Willis ISD represent the fine skills and traditions of Texas music education. Students experience a wide variety of musical performance opportunities: region band preparations, chamber ensemble and large ensemble performing, tours of feeder campuses, Solo and Ensemble contest, UIL contest, and festival performances. Lynn Lucas Middle School is proud to educate the next generation through the performing arts.
The Lynn Lucas Honor Band would like to extend a special Thank You to the Willis Band Boosters and our donors for their support and help in preparation for this program. We also owe a special Thank You to the Lynn Lucas Honor Band 8th Grade Class of 2018, who had a major impact on our selection to perform at the 2019 Music for All National Festival.

Greetings from the Superintendent

Fairfax County Public Schools is very proud to have the Cooper Middle School Symphonic Band featured at this year’s 2019 Music for All National Festival. The fine musicians who make up the band have earned their invitation to participate in this year’s event through individual and group effort.

Members of the ensemble are to be commended for their dedication and hard work, which led to the invitation to perform at this prestigious event. We admire the talents of the Cooper Middle School Symphonic Band locally and are pleased to now place this fine group in the country spotlight. Their experiences at this event will help these students to continue to develop as musicians and reinforce skills that will benefit them throughout their lives. Music is an integral part of a complete 21st century education preparing our students to be leaders, risk-takers, collaborators, and creative thinkers.

My thanks to everyone involved for creating this opportunity for the Cooper Middle School Symphonic Band, and for student groups from across the country. Fairfax County is proud to be a part of the 2019 Music for All National Festival this year.

Sincerely,
Scott S. Brabrand, Ed.D.

Greetings from the Principal

On behalf of the entire faculty and staff of Cooper Middle School, we would like to congratulate our Symphonic Band for being selected for the 2019 Music for All National Festival. Cooper’s band program has excelled over the years and our band truly exemplifies the amazing outcomes that occur when musical talent is developed and fostered. An invitation to perform at the 2019 Music for All National Festival is truly an honor.

The fact that Cooper Middles School has an excellent band program is no accident. Under the exceptional leadership of Matt Baker, the program fosters outstanding bands, receiving numerous superior ratings at district festivals and first place at competitions. This is not accomplished without devoting endless hours. Mr. Baker sets high standards and provides the guidance and support the students need to meet them. It is amazing to see how Mr. Baker cultivates the talent of middle school students.

Thank you for selecting Cooper’s Symphonic Band to perform at the 2019 Music for All National Festival. It is a privilege and an honor for our students.

Sincerely,
Arlene Randall

Greetings from the Principal

It is with great pride and enthusiasm that I congratulate the members of the Crossroads South Middle School Wind Ensemble. As the Principal of this school, I am truly honored to be part of this incredible moment in the history of our school, our district, and our state. Thank you to Music For All for creating such a wonderful opportunity to celebrate and honor our young musicians.

I have had the pleasure of watching many of these young musicians grow and develop for the past six years. From the very first time they picked up their instruments to this moment of pure excellence, these students are truly remarkable. Finding your passion is the goal of education. Then, having the right conditions to develop these talents is critical. Our music program that has been developed by Mr. Sergio Fossa and Mr. Donald Strusz through the leadership of Mr. Robert Sears provides students with the fertile ground to cultivate these talents and reach for the impossible. Congratulations to all of our students both in this select ensemble and back home for your hard work, dedication, and commitment to the arts.

On behalf of the entire Crossroads South faculty and staff, we would like to congratulate our students, parents, community, and Mr. Sergio Fossa for sharing their talents with us each and every day. In the hecticness of life, thank you for using your gifts to communicate through music that which matters most.
